**Magic** Jan Golembiewski, 2018-10-01 'I couldn't put it down' —Sofie Laguna This is a true story... A young man heads off on a journey to find out if magic still exists in the world, to know its wonder, and to see if it might save him when his own life is unexpectedly at stake. Instead of retreating after being deported from Mexico, or beaten up in Guatemala, he travels to the Caribbean where he meets a Rastafarian Don Juan who teaches him about the 'natural mystic,' a magical tradition that had travelled to the Caribbean centuries earlier with the slavery trade. Fate further propels his travels through the Americas and Europe to locate the source of this esoteric knowledge in Mother Africa, where his emerging mastery of mysticism is tested by the Sahara desert. He is imprisoned in Nigeria, and tortured, and then sold as a slave. *Magic* is the story of an incredible journey, both physical and spiritual, that reverberates with literary voice and authenticity: the uniqueness of lived adventure and of a passionate heart and vision. Upon closing the last page of this book, we ache for the innocence to lose our way and travel deeper, to rediscover the savage but delicious nature of the miraculous in our own lives.

**Dawn of Magic** Christopher Gorman, It's the year 2103, and Earth is in crisis. Temperatures are increasing dramatically, crops are failing, and humanity is struggling to adapt. As climate change and political tensions between Canada and the United States escalate, a long-dormant natural force awakens to reclaim her power from the ravages of science, politics, and organized religion: Mother Nature. However, she cannot succeed alone. In Toronto, a young man named Aiden has been enduring splitting migraines and vivid dreams that transport him into visions of underground caverns and cataclysmic events. Just when he suspects he's on the brink of insanity—or possibly even death—a charming stranger coupled with a freak accident unleashes a power from within. Soon, Aiden and his two closest friends find themselves on a journey of joint self-discovery, becoming the first wizards—Mother Earth's warriors—to appear on Earth in over three thousand years. Aiden's inborn magic leads him to a reclusive group known as the Guardians,

who teach him how to wield his power. However, it isn't long before his adventures pit him and his friends against a powerful force that deems magic heresy: the Catholic Church. From an ancient stronghold in Ireland to a secluded village in the French Alps, Aiden and the other wizards must learn to master their magic and protect their ancient knowledge in order to help save the planet.

*Magic Thief of Gavalos* Barbara T. Cerny,2015-09-04 “Barbara T. Cerny has created a magical world that rivals that of Tolkien’s Middle Earth in *Shield of the Palidine* and its sequel, ‘*Magic Thief of Gavalos*.’” – Melinda Hills, *Readers’ Favorite Review* Seventeen years later, Amorgos once again calls for Pierre and Elise Tonnelier. Amorgos is bereft of magic and Elise, the Redeemer, finds herself reluctantly leading the races to save their world, just as she finds herself trying to save her marriage. Teenagers Elam and Illieya Tonnelier and friend, Chace Bagot, do the one thing they have been told to never do: touch the Sword of the Western Sun. Its portal stone sends them to a world worse than Amorgos; it sends them to Olympus. There they face the gods of Greek mythology and begin a quest to destroy Zeus, the most powerful witch who ever lived. *Magic Thief of Gavalos*, sequel to *Shield of the Palidine*, chronicles two incredible journeys: Elise and Pierre on Amorgos, and five years in the lives of Illieya, Elam, and Chace as they battle witches and each other. Both groups must come to terms with themselves and their relationships to save Amorgos, Olympus, and their families.

*The Anthropology of Magic* Susan Greenwood,2020-05-28 Magic is arguably the least understood

subject in anthropology today. Exotic and fascinating, it offers us a glimpse into another world but it also threatens to undermine the foundations of anthropology due to its supposed irrational and non-scientific nature. Magic has thus often been 'explained away' by social or psychological reduction. The Anthropology of Magic redresses the balance and brings magic, as an aspect of consciousness, into focus through the use of classic texts and cutting-edge research. Suitable for student and scholar alike, The Anthropology of Magic updates a classical anthropological debate concerning the nature of human experience. A key theme is that human beings everywhere have the potential for magical consciousness. Taking a new approach to some perennial topics in anthropology - such as shamanism, mythology, witchcraft and healing - the book raises crucial theoretical and methodological issues to provide the reader with an engaging and critical understanding of the dynamics of magic.
