Each chapter presents a different method; its challenges and suitability for different situations; an in-depth example of the method in action; insights and lessons. dissemination of sustainability research findings, including influencing policy, communicating with school children and working with the media. The book concludes with a critical synthesis of issues and methods examined in the book together with a discussion of future research pathways. Hollywood's Egyptian Dreams. The Visual Language, Concepts and Costumes in Egyptian Monumental Films Marie Elisabeth Habicht, Michael E. Habicht, 2022-11-22 Monumental films strongly shape our image of the ancient world today. Shortly after the emergence of cinematic art, Ancient Egypt also became the subject of cinematic works. As with the Roman film, the decisive story plots and motifs were still being developed in the silent film era and have had a significant influence on subsequent generations of films. The book examines the visual language, plot concepts and costumes of the most expensive film genre. An extensive list of films is analysed and related to contemporary findings on the dress and jewellery of Ancient Egypt.
