The Foreign Exchange Currency Market, more commonly referred to as the Forex Market, is the largest investment market in the world, bar none. Every day it sees more than four trillion dollars' worth of trade or about 10 times what the New York Stock Exchange can expect on a regular day. Despite the size of the market and the extensive amount of trading that it sees on an average day, it was historically quite difficult for the average investor to track down the required information quickly enough to trade in the market effectively. This is no longer the case today, however, as the internet has made it possible for anyone to get in on the action and take advantage of the 50 to 1 leverage opportunities that it provides. If you have been looking for a way to take control of your financial future then look no further than Forex Trading: How to Make Serious Money Trading Forex (Even if You're a Complete Beginner). Inside you will find everything you ever wanted to know about the forex market, as well as the many ways you can put its unique quirks to work for you. It doesn't matter if you have been trading successfully for years and are just looking to break into the forex market or if you are a complete novice, you will find the tools you need to be a financial success inside. What you will learn in Simple Daily Chart Forex Trading Method will fast track your knowledge of what you need to know to get started learning. You can perhaps go from knowing 0 to trading and making real money in the live markets in as little as 30 days to a couple of months if you do what it says in this book and only look at daily charts to work from as a beginner. This time frame is the easiest to learn as a beginner and may well take you less or more time depending on how fast you grasp the basic principles of this book and how fast you can employ them in a live market environment. Do you want to make money right away in the live market or waste time and perhaps A LOT OF MONEY on doing things the wrong way from the start the cost of which can be steep and be an account killer and no one wants that right? Learn to use a daily chart and you will be on your way to becoming a financially successful and consistently profitable trader right from the start.

The 10 Essentials of Forex Trading Jared Martinez, 2007-01-26 Trading the Forex Market can be exciting, adventurous, and financially rewarding. It can also be disastrous for those who are unprepared for its rhythms and movements. Now, Jared F. Martinez, one of the foremost experts in currency trading, draws upon his vast knowledge and experience to deliver 10 key practices for trading in Forex. The 10 Essentials of Forex Trading shows you how to use charting methods to effectively relate market movements to trading patterns-and turn those patterns into profit. No matter your level of trading experience, you can develop the skills you need to become a consistently successful foreign currency trader-from using the right trading tools and balancing equity management to trading in buy and sell zones and identifying trends and trendlines. You'll discover what drives the Forex market and how to navigate the three stages of Forex trading: acquiring new trading rules, controlling disciplined thought, and implementing disciplined action. Martinez also prepares you to: Understand the financial game of support and resistance between Bulls & Bears Use Japanese Candlesticks to discern the sign language of the market Create an entry strategy and a consistent exit strategy Use Fibonacci as part of your trading approach Forecast sideways movement in the market-and trade it Martinez shows you how to put it all together to execute a successful trade by finding convergence and analyzing the market on multiple timeframes. You'll also learn how to gain control over your emotions-a vital part of trading on Forex-and eliminate bad habits that can prevent you from becoming a confident, competent, and profitable trader. To trade the Forex market, you must come to the trading table prepared. The 10 Essentials of Forex Trading arms you with the tools to develop a solid personal trading constitution and reap the financial outcome you desire.

Trade Forex with Confidence Ramesh Selvarajoo,2017-03-23 This book is an indispensable tool for an individual trader who are struggling to build a successful trading system and strategy. The first part of the book provides a full bird's eye view of forex fundamentals and some of the key elements in forex that are conveniently omitted and can be costly to a trader when such advice is not taken. After establishing a strong forex foundation, in the second part, the book dives in to guide the reader in ways of designing, optimizing, and evaluating a forex trading strategy using a quantitative approach without complex mathematical formulation. The author's main goal for this book is to equip retail trader with the ability to generate and build their trading system using

quantitative rule based approach where only hedge funds and institutional firms have the know-hows. The author introduces a unique 10/20/30 Rule for trading system development, and walks with the reader with a real case example. Showing how a mediocre system can be transformed to a winner by implementing the components of the 10/20/30 Rule. Also, the 10/20/30 Rule is not about backtesting a system. Backtesting a poor system will produce a poor backtested result. Under the hood, the 10/20/30 Rule uses a powerful yet simple method that brings out the full potential of a trading system that you plan to develop. These are powerful techniques that are revealed in this book.

The 10xROI Trading System L R Thomas, 2014-01-01 If you are fed up with trading systems that promise the earth and fail to deliver then The 10XROI Trading System will not disappoint. The leading foreign exchange broker conducted a study that found that winning traders had something in common. Their wins were much larger than their losses. Many trading systems are designed to

have lots of wins but that doesn't make them profitable, they just appeal to the Holy Grail seeker who is looking for a trading system that never loses. By trading a high probability system that gives a very large risk reward ratio like The 10XROI Trading system, you will automatically have a much higher chance of actually making a profit in the Forex markets. Written by a trader with over eight years' experience in trading foreign currencies, this book is written in an easy to comprehend style with lots of illustrations and trading examples to help clarify each part of the system. The system is simple and easy to follow and takes up a very small amount of time as it uses the daily and hourly time frames. This makes it easy to trade around most jobs. Most importantly it explains every part of the system including the correct trading psychology and money management which most systems leave out. This is a typical review from a student. I recommend the 10XROI Trading System book for novice traders & experienced traders. This is a forex system combined with perfect money management that makes it incredible. This is a must book for every forex trader. Bankim Vaidya
