Transnational sales contract Viglione - Benatti - Garcia Long,2022-03-18 The United Nations Convention on Contracts for the International Sale of Goods (CISG) turned 40 in 2020 and experts around the world didn't miss the celebrations. This book collects twenty-five studies in tribute to the CISG for its 40 anniversary, written by experts from Europe, America and Asia, with different focus of analysis. The goal of "The transnational sales contract. 40 years influence of the CISG on national jurisdictions" is to present what we have learned from the CISG during this time of born, development and consolidation. The book aims at navigating through the influence of the CISG in different jurisdictions, thus revealing the creation and existence of a truly autonomous and transnational contract law of worldwide application.

A Contemporary Anabaptist Theology Thomas N. Finger,2010-02-26 In this comprehensive volume Thomas N. Finger takes on the formidable task of making explicit the often implicit theology of the Anabaptist movement and then presenting, for the sake of the welfare of the whole contemporary Christian church, his own constructive theology. In the first part Finger tells the story of the development of Anabaptist thought, helping the reader grasp both the unifying and diverse elements in that theological tradition. In the second and third parts Finger considers in more detail the major themes essential to Anabaptist theology, first considering the historic views and then presenting his own constructive effort. Within the Anabaptist perspective Finger offers a theology that highlights the three dimensions of its salvific center: the communal, the personal and the missional. The themes taken up in the final part form what Finger identifies as the convictional framework of that center; namely, Christology, anthropology and eschatology. This book is a landmark contribution of Anabaptist theology for the whole church in biblical, historical and contemporary context.

The Cradle, the Cross, and the Crown Andreas J. Köstenberger,L. Scott Kellum,Charles L Quarles,2016-08-15 The Cradle, the Cross, and the Crown guides serious New Testament students through the historical, literary, and theological dimensions of the biblical text, allowing them to better understand and share God's "word of truth" (2 Tim 2:15). It offers a thorough introduction to all twenty-seven books of the New Testament and closely examines events such as Christ's incarnation and virgin birth, his crucifixion and resurrection, and triumphant return. The second edition features updated bibliographies and footnotes, interpretation sections that cover different literary genres in the New Testament, an epilogue that canvasses the entire storyline of Scripture, and a variety of maps. All of these new features contribute to making this a life-long resource for students of Scripture.

Lishman's Organic Psychiatry Daniel David, Simon Fleminger, Michael Kopelman, Simon Lovestone, John Mellers, 2012-04-02 The new edition of this classic textbook has now been extensively revised by a team of five authors, yet it follows the tradition of the original single-authored book. It continues to provide a comprehensive review of the cognitive, emotional and behavioural consequences of cerebral disorders and their manifestations in clinical practice. Enabling clinicians to formulate incisive diagnoses and appropriate treatment strategies
