The Foreign Exchange Currency Market, more commonly referred to as the Forex Market, is the largest investment market in the world, bar none. Every day it sees more than four trillion dollars' worth of trade or about 10 times what the New York Stock Exchange can expect on a regular day. Despite the size of the market and the extensive amount of trading that it sees on an average day, it was historically quite difficult for the average investor to track down the required information quickly enough to trade in the market effectively. This is no longer the case today, however, as the internet has made it possible for anyone to get in on the action and take advantage of the 50 to 1 leverage opportunities that it provides. If you have been looking for a way to take control of your financial future then look no further than *Forex Trading: How to Make Serious Money Trading Forex (Even if You're a Complete Beginner)*. Inside you will find everything you ever wanted to know about the forex market, as well as the many ways you can put its unique quirks to work for you. 7 Winning Strategies For Trading Forex Grace Cheng, 2010-04-19 Many traders go around searching for that one perfect trading strategy that works all the time in the global FOREX (foreign exchange/currency) market. Frequently, they will complain that a strategy doesn't work. Few people understand that successful trading of the FOREX market entails the application of the right strategy for the right market condition. 7 Winning Strategies For Trading Forex covers: - Why people should be paying attention to the FOREX market, which is the world's largest and most liquid financial market - How understanding the structure of this market can be beneficial to the independent trader - How to overcome the odds and become a successful trader - How you can select high-probability trades with good entries and exits. Grace Cheng highlights seven trading strategies, each of which is to be applied in a unique way and is designed for differing market conditions. She shows how traders can use the various market conditions to their advantage by tailoring the strategy to suit each one. This revealing book also sheds light on how the FOREX market works, how you can incorporate sentiment analysis into your trading, and how trading in the direction of institutional activity can give you a competitive edge in the trading arena. This invaluable book is ideal for new and current traders wanting to improve their trading performance. Filled with practical advice, this book is a must-read for traders who want to know exactly how they can make money in the FOREX market.

Kathleen Brooks on Forex Kathleen Brooks,2013-03-27 A simple approach to successful forex trading Many foreign exchange traders use either fundamental analysis or technical analysis and they're often considered to be mutually exclusive approaches. But FX does not have to be traded that way - fusing the two types of analysis will improve your research and, more importantly, your trading results. This is how Kathleen Brooks trades foreign exchange and she has found it to be extremely successful. In Kathleen Brooks on Forex she reveals the secrets of this approach, demonstrating the indicators she uses, and showing through detailed examples how she plans and executes profitable trades. At the heart of Kathleen's trading philosophy is the principle that fundamental factors - politics, economics and societal changes - cause currency prices to move in the medium to long term (and sometimes in the strangest ways), but throughout the day the price movements are based upon technical factors. Building a trading

plan around the two sets of factors works for her and by reading about how she does her pre-trade market analysis (the homework), forms a trading plan and puts the plan into action, you will see how to apply this principle in practice in your own trading. The book is divided into four sections: - Part A - using fundamental indicators to gain an impression of the market - Part B - using technical indicators to refine your trading plan - Part C - fusing fundamental and technical analysis to select trades - Part D - revealing Kathleen's risk management techniques Kathleen's description of her method, and ideas on how you can use it too, will appeal to anyone who wants to learn more about how to trade foreign exchange as well as those already in the market looking for a fresh approach. Blissfully free of rhetoric, written in an accessible personal style and punctuated with anecdotes from Kathleen's unique career in the markets, this is a new and refreshing look at foreign exchange.
