**Forex Trading** Laura Sether,2009 Trading forex is completely different from trading other markets. With low entry costs, 24-hour accessibility, global players and high degrees of leverage, there are enormous opportunities but also very real potential hazards along the way if you don't know what you're doing. Leverage can work both ways you control large positions, but small moves in your favor can mean big returns on your investment. For these reasons, forex trading deserves its own volume, devoted entirely to SFO (Stocks, Futures, Options) Magazine articles explaining the ins and outs of currency trading. Forex traders don't need to follow hundreds of stocks or commodities to get a flavor for the market just the movements of eight major currencies: the U.S. dollar, Japanese yen, European Union euro, British pound, Canadian dollar, Australian dollar, New Zealand dollar and Swiss franc. Trading a country's currency is like trading the outlook for the country, so it helps to have a bit of fundamental knowledge. But it's also a highly technical form of trading. This book helps you assess how to best synthesize your forex strategies to make the most of market movements. Learn from the top forex trading experts in the world. The key to trading currencies is figuring out what central banks will do before they actually make their moves.

**About Forex Market : Lazy Mans Secrets and Underground Hidden Tactics to Making Millionaires with Forex** Doctor Forex,2012-11-20 Who else would like to experience the Ultimate shortcut to fast, unbelievable profits with Forex? Unstoppable, easy to use, cashoola rich secret tactics, to blow your broker out of the water and make you drenched with Forex profits. BUT... you know the feeling of compete desperation and misery that comes on you when you lose the next account BECAUSE... Whatever that BECAUSE, has to do with, it shows your naked spots. You are not understanding exactly what is going on, and losing your pants and underwear to your happy, so ever helpful broker. Before you go ahead and lose account number who knows what (you probably stopped counting by now, but wait till the wife/girlfriend finds out) STOP... Seriously, this book will show you the way to the pot of gold and more, but you have to read it first. Your broker will not spend the energy to tell you the real truth why you are losing the ... account, so I have to do it... Honesty, I am taking the risk to be crucified here, instead of your broker, but hey, I will take the risk, so possibly your account will live and not die. Or in case your wife finds out about your losing accounts, this information will spare your life. And you know what; all this is not your fault... You have been lied to, given all kind of fake promises, taken for granted and left to die in your Forex career...HAHA you wish I will go down this road, lick your wounds and blame it all on the world economy, the green house effect, the moon approaching the earth faster than a bullet or whatever, but I won't. The reality is that you will probably not listen to me, but may be, you are one of those really smart change embracing people, that will stop the bleeding in its tracks right now and will take a hold of the hard coarse chunks of truth and challenging realities I am throwing in your lap. See, it was not too long ago, not that long, so I can forget it (although it seems like eternity ago, really I am not looking forward to remembering that part of my trading life), I was in your shoes, opening \$50 accounts eating all the high pitched presentations and webinars, dreaming of living on my own island and drinking all day from something that required a small umbrella on top...turquoise blue beaches and trading from the stern of my private yacht. Gladly, I woke up from that dream and realized that, the \$50 accounts will not cut it( it will actually cut you up to

pieces) I've heard of a guy that regularity brings in 25-30 k a month doing only a couple of large trades a week...(that's right this is not a typo) Now this guy, was not your regular high pitched guru, in a matter of fact he was known to have only few friends and lived a low-key quiet life. Luckily, he lived in my city. I was having a casual talk with a friend over a beer and he mentioned, he was playing golf with this guy, that quote, was smashing it pulling thousands of dollars from the Forex market... Now you know, that as soon as I heard that my ears perked, my heart started pumping so fast I could hear it drumming in my chest. Palms sweating with my tongue clinched to the roof of my mouth, I grabbed my friend and made him repeat that sentence again. My friend gave me the look that you normally would give a crazy maniac coming around the corner trying to choke you. After several attempts I convinced my friend to arrange for me to meet that guy. For familiar reasons we will call him Mr X. Now, this Mr X was not interested in anyway whatsoever in being my mentor or teaching me any of his trading methods or systems. In fact he considered trading to be rather a boring task, see, Mr. X has been doing it soooo long, it has become like automatic reaction for him. After much casual conversations, I finally was able to talk Mr X in giving me a couple of Forex lessons, if I could call a half hour over at the restaurant a lesson. The most amazing thing was, that everything he taught me was so different and strange compared to all the common guru and broker.

**Abandon the Indicators Trade Like the Institutions Retail Trader Survival Kit** Trader X, 2016-02-29 You will not find this education at you brokers how to section. Most likely you will not find this information anywhere on this book section on any other book store. I have paid thousands of dollars on exclusive groups and paid forums to collect the information presented in this book. As you can imagine these are the highly guarded secrets of the elite of the FOREX traders, no one gives their living away, unless you pay them a price worth their living. However I have decided to make this information available for ridiculously low price, because I am fed up with the brokers and the big banks taking advantage of the regular retail trader. Let me ask you a question? When was the last time you make money with FOREX? Even further more how much money you are willing to lose, until you give up? How long you will continue to give your hard earned money to the broker? Just like you I started 5 years ago with high hopes of quitting my job and leaving the live I deserve with FOREX. My hopes and aspirations were quickly crashed and my dreams went to the dump. First I lost 1000, then 5000, 10k , how much longer I could continue like that, how much longer I could endure the ridicule the jokes of my family and the frown on the face of my wife. It was painful, sitting all day in front of the computer, until you can't see any longer and everything including the platform and your mind become blurry. I know the pain I have been there. This continued for a year, until one morning I was ready to quit, I was going to give it a last try and throw that FOREX stuff in the garbage, out the window. I stumbled on a rear tread, which since then has been banned, by the broker, that was holding the forum. Luckily the tread continued under the broker's radar for while, and gathered a bunch of comments an support. Finally the tread from the trader X was discontinued. I was in dis pare, that was the only hope and light, I have seen for a long time. I was applying the advice from the tread and things were starting to work for me. Fortunately I was able to PM the trader and begged him to agree on a 20 min conversation on the phone. Trader X was not a guru, not your regular internet promoter mojo. He was quietly raking in thousands of dollars a month for years, he was not excited about the next trade, his heart beat was not racing before he pooled the trigger. See, he has been doing this trading stuff for so long, it has become a boring procedure, rather a morning and afternoon chore, something like putting the garbage out on garbage day. He explained that he learned from the MASTER, I did not proceed to ask him who was the MASTER, since I mainly was concerned with him teaching me every little bit of what he knew about trading. He didn't not agree to spend time teaching me on our first conversation, regardless of how much I offered to pay him. See, for him money was not a issue. Finally, on my third approach he agreed to show me what the MASTER had thought him many years ago. What is comprised in the pages of this book will be worth pure gold to you. This book is down to the ground no non sense, real trading knowledge. It gives step by step

instructions with real trade examples. This book is not your regular hog wash advice that you will find from your broker and the other magic bullets and seven step series that you see on this site. This book teaches you how to trade like the pros. Shows you how the big banks and foreign nationals and institution trade. The book opens your eyes to how to piggy back on the big institutional traders and win. Ninety Five percent of the people that trade the Forex market lose money and give up. The market is continually replaced by fresh blood like yourself. Don't become part of the statistics, read this book and get a map to success in FOREX. You can make a success in FOREX if you know what you are doing. Yes you can make a living with FOREX and quit your job. You can achieve your dreams. Buy this book and find out How?

I stumbled on a rear tread, which since then has been banned, by the broker that was holding the forum. Luckily the tread continued under the broker's radar for while, and gathered a bunch of comments an support. Finally the tread from the trader X was discontinued. I was in dis pare, that was the only hope and light, I have seen for a long time. I was applying the advice from the trade and things were starting to work for me. Fortunately I was able to PM the trader and begged him to agree on a 20 min conversation on the phone. Trader X was not a guru, not your regular internet promoter mojo. He was quietly raking in thousands of dollars a month for years, he was not excited about the next trade, his heart beat was not raising before he pooled the trigger. See, he has been doing this trading staff for so long it has become a boring procedure, rather a morning an afternoon chore, something like putting the garbage out on garbage day. He explained that he learned from the MASTER, I did not proceed to ask him who was the MASTER, since I mainly was concerned with him teaching him every little bit of what he knew about trading. He didn't not agree to spend time teaching me on our first conversation, regardless of how much I offered to pay him. See, for him money was not a issue. Finally on my third approach he agreed to show me what the MASTER had thought him many years ago. **Forex Trading Secrets** Trader X,2015-04-03 You will not find this education at you brokers how to section. Most likely you will not find this information anywhere on this book section on any other book store. I have paid thousands of dollars on exclusive groups and paid forums to collect the information presented in this book. As you can imagine these are the highly guarded secrets of the elite of the FOREX traders, no one gives their living away, unless you pay them a price worth their living. However I have decided to make this information for ridiculously low price, because I am fed up with the brokers and the big banks taking advantage of the regular retail trader. Let me ask you a question? When was the last time you make money with FOREX? Even further more how much money you are willing to lose, until you give up? How long you will continue to give your hard earned money

to the broker? Just like you I started 5 years ago with high hopes of quitting my job and leaving the live I deserve with FOREX. My hopes and aspirations were quickly crashed and my dreams went to the dump. First I lost 1000, then 5000, 10k , how much longer I could continue like that, how much longer I could endure the ridicule the jokes of my family and the frown on the face of my wife. It was painful, sitting all day in front of the computer, until you can't see any longer and everything including the platform and your mind become blurry. I know the pain I have been there. This continued for year, until one morning I was ready to quit, I was going to give it a last try and throw that FOREX staff in the garbage, out the window. I stumbled on a rear tread, which since then has been banned, by the broker that was holding the forum. Luckily the tread continued under the broker's radar for while, and gathered a bunch of comments an support. Finally the tread from the trader X was discontinued.
