MT4/MT5 & Trading View High Probability Forex Trading Method Jim Brown, 2020-08-14 All of Jim Brown's Forex books are consistently ranked 'Best Sellers' on Amazon! Here is why... At no extra cost, or on-costs, Jim shares with his readers:

- His custom indicators for the MT4/MT5 MetaTrader platforms, and more recently TradingView, as a download package at the end of the book.
- An invitation to join his Facebook and Telegram Groups which have around 6,000 new as well as experienced Forex Traders contributing, including daily interaction with Jim.
- Jim calls his trades live, shares his results and records weekly trade analysis videos on his YouTube channel.
- Contact with Jim should you require any clarification on this trading method.

Jim, from Queensland Australia, is a full-time Forex Trader and currently resides in Vietnam. This particular book provides a reliable and robust trading method which Jim has refined over many months on both demo and live trading. Jim uses the popular MetaTrader platforms to trade. These are more commonly referred to as MT4 or MT5, and there are many reputable brokers who offer these platforms. As mentioned above, the method is now also available to be traded on the very popular web-based TradingView platform. Although Jim concentrates solely on Forex trading, there is no reason why you could not trade this method on other financial instruments offered by many brokers. These may include:

- Oil
- Precious metals
- Commodities
- Stock indices
- Individual stocks
- Cryptocurrencies

You may not wish to conduct your actual trading off the Metatrader or TradingView platforms, however, as this method relies on the use of Jim's custom indicators which he had specifically built for Metatrader and TradingView, you will need to at least download a free MT4/MT5 or TV demonstration platform to enable you to conduct your trade analysis, and then place your actual trades on your preferred Broker's platform. The Foreign Exchange Currency Market, more commonly referred to as the Forex Market, is the largest investment market in the world, bar none. Every day it sees more than four trillion dollars' worth of trade or about 10 times what the New York Stock Exchange can expect on a regular day. Despite the size of the market and the extensive amount of trading that it sees on an average day, it was historically quite difficult for the average investor to track down the required information quickly enough to trade in the market effectively. This is no longer the case today, however, as the internet has made it possible for anyone to get in on the action and take advantage of the 50 to 1 leverage opportunities that it provides. If you have been looking for a way to take control of your financial future then look no further than Forex Trading: How to Make Serious Money Trading Forex (Even if You're a Complete Beginner). Inside you will find everything you ever wanted to know about the forex market, as well as the many ways you can put its unique quirks to work for you. Currency Trading in the Forex and Futures Markets Carley Garner, 2012 Currency trading offers immense potential to stock and futures investors seeking new speculative opportunities. However, there are several ways to trade in currencies, and many unsuspecting traders have been burned by aggressive marketing campaigns and gimmicks luring them into unfavorable trading environments. In this book, best-selling trading author Carley Garner covers everything new currency traders need to know to avoid those pitfalls and start earning big profits. *Currency Trading in the Forex and Futures Markets* begins by demystifying all the essentials, from quotes and calculations to the unique language of Forex trading. Readers learn all they need to know about choosing trading platforms and brokerage firms; working with leverage; controlling transaction costs; managing liquidity, margins, and risks; and much more. Garner thoroughly explains the currency spot market (Forex); currency futures traded on the Chicago Mercantile Exchange (CME); and currency ETFs. She candidly discusses the advantages and disadvantages of each, cutting through the smoke and mirrors often associated with currency trading. Readers will also find a full section on currency market speculation, including a clear introduction to fundamental and seasonal analysis in currency markets. With her guidance, new currency traders can identify the markets and approaches that best fit their objectives, and avoid the pitfalls that have often victimized their predecessors.

Sound Fx Tony Loton,2012-10 Foreign Exchange Trading (commonly abbreviated to Forex or FX) has grown in popularity with non-professional investors and armchair speculators. You've probably heard of it, and maybe even tried it, but you're wondering... * Why should you trade currencies on the foreign exchange markets? * Which currency pairs should you be trading? * What is the best way to trade currencies via your PC, iPhone or Android tablet or mobile phone? * What techniques do professional currency traders and successful amateurs use to identify trading opportunities and (more importantly) to manage their risk? In this book I aim to answer those questions, so as to provide a SOUND basis for your Foreign Exchange Trading. While the choice of trading platform is yours, my demonstrations via a single trading account provider, based on the increasingly-popular MetaTrader 4 (MT4) trading platform, leads to a degree of consistency rarely seen in books of this nature. Contents Chapter 1 - Foreign Exchange Basics Chapter 2 - Why and How to Trade Forex Chapter 3 - A First Forex Trade Chapter 4 - Trading Tools Chapter 5 - Fundamental Analysis Chapter 6 - Technical Analysis Chapter 7 - Lifecycle of a Trade Chapter 8 - Introducing Automated Trading Chapter 9 - Risk and Money Management Appendix Companion web site at soundfx.lotontech.com

Forex For Beginners Anna Coulling, 2024-02-01 *Forex For Beginners* *Forex For Beginners* is the sequel to my first two books, *A Three-Dimensional Approach to Forex Trading* and *A Complete Guide to Volume Price Analysis*. It is your primer to the world of forex. It has been written to lay the foundations and provide the framework for getting started in the world of forex in what I believe is the correct way. My other books then build on what you will learn here to develop your trading skills and knowledge further. Applying what you learn In all my books, I try to show you how to apply that knowledge to help you become a more confident trader. After all, learning is all well and good, but if we are not taught how to apply that knowledge in a practical way, then it is of little use. It is the application of knowledge that empowers one, and this is what I have tried to do here and in all my education programs, such as *The Complete Forex Trading Program*. It's all about risk There are, of course, many books about forex trading. What is different about this book is the focus on those aspects of trading, which I believe are fundamental. After all, there are only two questions we need to answer when considering a position in the market:- What is the risk on this trade - high, medium or low? What is the financial risk on this trade? The first is the hardest question to answer, and the book will explain in detail the analysis and approach to answer this question confidently. The second question is more straightforward and can be answered provided you understand risk, money management, and position sizing in relation to your trading capital. Again, this is covered in detail in the book. As the tagline on the front cover says 'What you need to know to get started, and everything in between' which really sums up what you will learn. What you will discover The book explains everything, from the pure mechanics to the trading methodology that I advocate and have used in all my trading and investing for over 25 years. *Forex For Beginners* is also dedicated to all those traders who have asked me to write such an introduction based on my knowledge and methodology. This book is for you and for every other aspiring forex trader.

The Forex Edge: Uncover the Secret Scams and Tricks to Profit in the World's Largest Financial Market James Dicks,2012-01-04 Generate greater profits while protecting your investments in the world's largest market Much has changed since leading forex expert and educator James Dicks introduced retail investors to trading in the foreign exchange currency market. The market's daily turnover has grown considerably, and more and more traders are achieving financial success by trading currencies—many thanks to Dicks's advice. Now, in *The Forex Edge*, he warns you about the less-than-honest practices and elaborate schemes many brokers use to prevent prosperous traders from retaining their wealth. This cautionary book is the result of Dicks's personal investigation into an assembly of forex brokers after a suspicious reversal of fortune forced him to close his trading account. It shows you how dishonest brokers pass themselves off as legitimate, the types of scams they run, and the ways you can use this information to your advantage. It outlines a straight-through process for taking more control over your trades to minimize your exposure to the risk of deceptive practices. With *The Forex Edge* at your fingertips, you'll be armed with: Practical guidance for using popular automated trading systems Effective approaches to back-testing with recommended software platforms Expert tips for spotting false and misleading information in online forums Proven strategies for profiting from options, hedging, swing trading, and trends From how the forex works and how brokers make money to the most common ways traders lose money—this accessible guide gives you everything you need to ensure your trading strategy draws maximum profits from the biggest financial market in the world. It features the same practical formulas and strategies Dicks uses to beat even the trickiest brokers. In today's forex market, you need more than a good trading strategy to survive. You need *The Forex Edge*.
