The EURUSD Strategy Builder Tor Vollalokken,2013-01-09 The EURUSD Strategy Builder is a unique tool kit for Foreign Exchange Traders when developing, implementing and managing their EURUSD trading strategies. Throughout the e-book version you can read all about the recommendations I have for risk management procedures, leverage, how to set invalidation levels, entry and take profit levels for your EURUSD trading strategies. The manual also sets focus on those economical and political factors that will influence EURUSD throughout 2013 as well as a time line for when they are likely to occur. Based on those indicators I set out 4 strategies I recommend for 2013 as seen at the start of the year. But the great advantage and the important part of the manual is the supplementary tool kits you get, enabling you to build, implement and manage your own EURUSD trading strategies. Those elements are in the form of the original file for the e-book, spreadsheets and graphs which you will get complementary to your purchase of the e-book by emailing: coachingfxpros@gmail.com. In addition you will also receive the latest updated strategies. The EURUSD Strategy Builder is the first in a series of three trading manuals from Coaching FX Traders. The second manual called Trading EURUSD event risk is available for sale for the price of 59 \$ while the third manual: The FX Mentor will be launched shortly at the price of 39 \$.

Forex Trading Strategies : Revealed Underground Shocking Secrets and Sleek Weird But Crazy Profitable Tricks to Easy Millionaire with Forex Strategy Trader X, 2015-06-12 You will not find this education at you brokers how to section. Most likely you will not find this information anywhere on this book section on any other book store. I have paid thousands of dollars on exclusive groups and paid forums to collect the information presented in this book. As you can imagine these are the highly guarded secrets of the elite of the FOREX traders, no one gives their living away, unless you pay them a price worth their living. However I have decided to make this information for ridiculously low price, because I am fed up with the brokers and the big banks taking advantage of the regular retail trader. Let me ask you a question? When was the last time you make money with FOREX? Even further more how much money you are willing to lose, until you give up? How long you will continue to give your hard earned money to the broker? Just like you I started 5 years ago with high hopes of quitting my job and leaving the live I deserve with FOREX. My hopes and aspirations were quickly crashed and my dreams went to the dump. First I lost 1000, then 5000, 10k , how much longer I could continue like that, how much longer I could endure the ridicule the jokes of my family and the frown on the face of my wife. It was painful, sitting all day in front of the computer, until you can't see any longer and everything including the platform and your mind become blurry. I know the pain I have been there. This continued for year, until one morning I was ready to quit, I was going to give it a last try and throw that FOREX staff in the garbage, out the window. I stumbled on a rear tread, which since then has been banned, by the broker that was holding the forum. Luckily the tread continued under the broker's radar for while, and gathered a bunch of comments an support. Finally the tread from the trader X was discontinued. I was in dis pare, that was the only hope and light, I have seen for a long time. I was applying the advice from the trade and things were starting to work for me. Fortunately I was able to PM the trader and begged him to agree on a 20 min conversation on the phone. Trader X was not a guru, not your regular internet promoter mojo. He was quietly raking in thousands of dollars a month for years, he was not excited about the next trade, his heart beat was not raising before he pooled the trigger. See, he has been doing this trading staff for so long it has become a boring procedure, rather a morning an afternoon chore, something like putting the garbage out on garbage day. He explained that he learned from the MASTER, I did not proceed to ask him who was the MASTER, since I mainly was concerned with him teaching him every little bit of what he knew about trading. He didn't not agree to spend time teaching me on our first conversation, regardless of how much I offered to pay him. See, for him money was not a issue. Finally on my third approach he agreed to show me what the MASTER had thought him many years ago. What is comprised in the pages of this book will be worth pure gold to you. This book is down to the ground no no sense, real trading knowledge. It gives step by step instructions with real trade examples. This book is not your regular hog wash advice that you will find from your broker and the other magic bullets and seven step series that you see on this site. This book teaches you how to trade like the pros. Shows you how the big banks and foreign nationals and institution trade. The book opens your eyes to how to piggy back on the big institutional traders and win. Ninety Five percent of the people that trade the Forex market lose money and give up. The market is continually replaced by fresh blood like yourself. Don't become part of the statistics, read this book and get a map to success in FOREX. You can make a success in FOREX if you know what you are doing. Yes you can make a living with FOREX and quit your job. You can achieve your dreams. Buy this book and find out How?

Profitable Forex Trading Strategy Blueprint Fxmindtrix Academy, Anas Abba, 2020-05-09 Are you tired of being unable to earn consistent profits through forex trading, even after trying out countless forex trading strategies which were supposed to work? Would you like to learn how to double your forex trading account with the proven risk and money management techniques used by professional forex traders and hedge funds? Then this profitable forex trading strategy blueprint is exactly what you've been looking for! You see, After teaching thousands of people How To Become Successful Forex Traders, I've watched some become wildly successful and others struggle to make money even though they use the same forex trading strategies to trade the markets. And this is why, I decided to create a step by step guide, which will show struggling forex traders how to identify low risk, high probability forex trade setups with ease. The truth is, Forex Trading Strategies are not all you need to become a consistently profitable trader. Don't believe me? Well, try this. Teach a group of traders how to trade using a simple forex trading strategy which is proven to work, time and time again, and then give them the same startup capital. By the end of the year, you'll discover that those traders would have completely different trading results. Some of them would earn insane amounts of profits while others would struggle really hard just to break even while others are going to lose money. The reason why this happens is simply because trading success does not depend on forex trading strategies alone. Successful and consistently profitable trading is built upon 3 critical foundations; Trading Psychology Trading Strategy Position Sizing And this is why I strategically designed this book to show you exactly what I do to consistently squeeze profits out of the spot forex market, like clockwork. Here's what you're going to learn In this book; A forex trading technique which will tell you where to enter and when to exit trading positions in the forex markets How to use multiple timeframe analysis to considerably minimize your average risk per trade like the PRO Forex Traders How to take advantage of super low risk, high probability trading setups within trending market environments Advanced trade management techniques which will help you to cut your trading losses short and let your profits run So, what are you waiting for? Forex Trading Kacemi Abdallah, 2021-04-28 Every trader wants to know how to trade without losses. Unfortunately, we all do mistakes. Sometimes it seems like we've made a genius decision, but later we find out that it was impossible to take a decision more stupid than this one. It's possible to trade without loses at all, and minimize the risks. Professionalism in the currency trading market is not impossible. The professional trading process is a trading process based on laws and obligations, the trader must start applying it step by step. This is a hellish strategy that I always follow for trading in Forex, its a powerful strategy that you cannot lose using it even a single cent even in the worst fluctuations in global markets, even that if something went wrong then the margin of loss will be very little, because the strategy has a safety valve to ensure its success.
