Real Photo Postcard Guide Robert Bogdan, Todd Weseloh, 2006-09-21 The *Real Photo Postcard Guide* is an informative, comprehensive, and practical treatment of this wildly popular American phenomenon that dominated the United States photographic market during the first third of the twentieth century. Robert Bogdan and Todd Weseloh draw on extensive research and observation to address all aspects of the photo postcard from its history, origin, and cultural significance to practical matters like dating, purchasing, condition, and preservation. Illustrated with over 350 exceptional photo postcards taken from archives and private collections across the country, the scope of the *Real Photo Postcard Guide* spans technical considerations of production, characteristics of superior images, collecting categories, and methods of research for dating photo postcards and investigating their photographers. In a broader sense, the authors show how real photo postcards document the social history of America. From family outings and workplace awards to lynchings and natural disasters, every image captures a moment of American cultural history from the society that generated them. Bogdan and Weseloh's book provides an admirable integration of informative text and compelling photographic illustrations. Collectors, archivists, photographers, photo historians, social scientists, and anyone interested in the visual documentation of America will find the *Real Photo Postcard Guide* indispensable.

Historic Photos of San Francisco , 2006-12-01 The 1950s, 60s, and 70s were defining moments in our nation's history, and San Francisco was at the forefront of the avant-garde artistic, intellectual, and cultural movements of the time. San Francisco gave rise to the most significant countercultural revolutions of the century, including the Beatniks of the 1950s, the hippies in the 1960s, and the gay rights movement in the 1970s. This volume, *Historic Photos of San Francisco in the 50s, 60s, and 70s*, captures the revolutionary and tumultuous spirit of these historic times in stunning black-and-white photography. The book provides a retrospective view of ordinary citizens

enjoying their daily lives in an extraordinary city, and illustrates the participants, protests, riots, triumphs, and tragedies of this extraordinary period in San Francisco and American history.

Hillhaven Lodge ,2003 Red-hot Hollywood director Brett Ratner (Rush Hour I and II, Red Dragon and the forthcoming Superman), lives in Ingrid Bergman's old Hillhaven Lodge, where he houses his old-fashioned b/w photo booth. Into this booth Ratner has enticed a cornucopia of white-hot celebrities,

personalities and legends, all of whom voluntarily vlogged, posed and made silly faces without the help of stylists and makeup artist. The result is a hilarious and revealing look at such people as Michael Jackson, Britney Spears, Liv Tyler, Colin Farrell, Mariah Carey, Edward Norton and Salma Hayek and more.

Preserving Your Family Photographs Maureen Alice Taylor, 2010 Learn to preserve your precious family photographs so that friends and loved ones can enjoy them for years to come. Taylor outlines straightforward steps that add value to your home collection, using methods that conservators and photo curators use every day.

Robert Smithson Robert A. Sobieszek, Robert Smithson, 1993 There have been other exhibitions of his works, but Robert Smithson: Photo Works is the first to examine his use of the camera and to present the way he saw the unique landscapes in which he traveled and located his art. As demonstrated by curator of photography Robert A. Sobieszek, the photographic image was central to Smithson's art, whether in collages, montages, sequences, films, or alone. Smithson's final projects attempted a collaboration art and industry. He believed artists could assist in reclaiming such devastated areas as open-pit strip mines. Our expanding presence in and impact upon the land may have become so pervasive that the boundaries between nature and culture have been all but obliterated. Now two decades after his death, Robert Smithson's lessons are all the more vital and significant.-from preface.

American Photography Vicki Goldberg, Robert Silberman, 1999 This beautiful and informative photographic history includes images from 1900 to 1999. Many are often seen (bullet piercing the apple, splashing crown of milk, Sophia Loren looking askance at Jayne Mansfield's plunging decollete, and Dorothea Lange's Migrant Mother); but most are probably unknown, because the photos were selected not only for their visual and cognitive qualities but also for their importance to the history and development of photographic technique and usage. The century is divided into thirds for explanation's sake, and there is at least one photograph for every year. While this is a picture book, the accompanying text provides informative introductions to the uses and abuses of perhaps the century's most important medium. The book is companion to the
