Colour Terms in the Old Testament Athalya Brenner-Idan,1983-02-01 The OT semantic field of 'colour' is presented as a coherent, interdependent, and graded linguistic structure. The relevant lexical items are organized under the following categories: primary (basic) terms; secondary and tertiary terms; terms for pigments, dyes, painting and paints; and terms for stains, speckles, and other phenomena related to colour. Proper names, and names of objects which carry 'colour' associations are discussed as well. Many OT texts are discussed in detail. Finally, the OT colour field is compared to its Mishnaic Hebrew counterpart, and an Appendix dealing with the renewal of the same lexical sector within modern spoken Hebrew brings the study up to the present.

Detroit's Wartime Industry Michael W. R. Davis,2007 Just as Detroit symbolizes the U.S. automobile industry, during World War II it also came to stand for all American industry's conversion from civilian goods to war material. The label Arsenal of Democracy was coined by Pres. Franklin D. Roosevelt in a fireside chat radio broadcast on December 29, 1940, nearly a year before the United States formally entered the war. Here is the pictorial story of one Detroit's unique leadership in the miraculous speed Detroit's mass-production capacity was shifted to output of tanks, trucks, guns, and airplanes to support America's victory and of the struggles of civilians on the home front.

Elmwood Cemetery Kimberly McCollum and Willy Bearden,2016 Elmwood Cemetery was founded in August 1852 by 50 prominent Memphians who resolved to create a new burial site just two and a half miles outside the city limits. The name of the cemetery was drawn out of a hat by one of the founding fathers. A nurseryman from Scotland was

hired to lay out the grounds, and Elmwood was opened to people from all backgrounds to use as their family cemetery. Elmwood has survived wars, military occupation, epidemic disease, and the bankruptcy and near collapse of Memphis, only to emerge as one of the premier outdoor museums in the United States. Its massive collection of Victorian memorial statuary is almost unrivaled, but Elmwood's true allure lies in the stories of those who rest beneath the lush canopy of trees on its 80 acres. The graves at Elmwood belong to soldiers and statesmen, scoundrels and scalawags, writers and musicians, martyrs and madams, the notorious and the anointed, and so many more.
