12 Amazing Franchise Opportunities Hayes, 2018-03-03 Franchising provides amazing opportunities universally! Just the idea of a franchisor training and guiding franchisees to operate a business successfully while continuing to provide ongoing support is amazing. There are several thousand franchise opportunities in North America alone and – isn't this amazing? -- a new franchise startup occurs every day! Among these opportunities there are many amazing brands. Some of the brands are well known and others are just emerging, but amazing brands stand out for different reasons. For example: – After building a business that focuses on the happy side of pet care, Camp Bow Wow was acquired by VCA Animal Hospitals, the largest network of veterinary hospitals in North America. Today, 95 percent of Camp Bow Wow franchisees renew their agreements and 28 percent open additional units. Amazing! – In Australia, Xpresso Delight has changed the way employees experience coffee in the office and now the brand is emerging in the USA and

giving prospective franchisees an opportunity to operate a business part-time or full-time and without managing employees. Amazing! - Who wouldn't be amazed by a low-cost opportunity that allows franchisees to build a business doing what they love to do and without travel? Sandler Training, a seasoned franchisor, attracts franchisees because we give them their life back. - When young Nick Lopez left his home in Colorado to study in Michigan, he needed money. But he also needed time to study. With little money to invest in a business he zeroed in on painting million-dollar-plus houses. By the time he graduated, he had built a thriving business - LIME Painting - that he decided to franchise. Amazing! - If you like the amazing feeling of a kid in a candy store - except now you'd be the owner operator - River Street Sweets-Savannah's Candy Kitchen is a family-owned, emerging franchise opportunity with a proven business model. Those are just several of the amazing stories you'll find in 12 Amazing Franchise Opportunities Second Edition. Each of the 12 brands wrote their own chapter to tell you why they think their business is amazing. They invite you to request additional information if you're interested in investigating their brand should you see yourself as a franchisee. Please note that the book includes sponsored advertising information. Along with the 12 amazing stories, the book includes step-by-step instructions for investigating franchises and offers resources to help the reader pursue franchise opportunities. Readers will especially benefit from these chapters written by Dr. John P. Hayes: 17 Steps to Successfully Buying a Franchise, How to Investigate Before You Invest in a Franchise, and Funding Your Franchise Acquisition: Where Do You Get the Money? The book also includes key questions that should be asked prior to investing in a franchise. Franchising is not for everyone, and no one should invest in any

franchise - even an amazing franchise - before completing proper due diligence. This book introduces readers to a proper due diligence process. Opinions expressed by Dr. Hayes in this book are his own.

Franchise Value Martin L. Leibowitz, 2004-07-29 A modern approach to equity valuation Understanding the key ingredients that combine to affect price/earnings (P/Es) is of crucial importance to the investment process. In Franchise Value, Martin Leibowitz tackles the imposing task of determining what really has an impact on P/Es. The author shows why he subscribes to the conventional logic that the P/E gauges the market's assessment of the firm's

future. He then introduce readers to the franchise-value approach to analyzing the prospective cash flows that determine a company's P/E. The franchise-value approach to valuation enables the analyst or investor to break the firm into two key component parts and to value those components. The franchise value approach is original and insightful, and with this book, readers can begin to implement this approach to perform better equity valuations. Martin L. Leibowitz, PhD (Stamford, CT), is Vice Chair and Chief Investment Officer at TIAA-CREF, where he is responsible for the overall management of all TIAA-CREF investments. He has authored several books and more than 130 articles, nine of which have received a Financial Analysts Journal Graham and Dodd Award of Excellence.
