**Stress Free for Good** Frederic Luskin, Ken Pelletier, 2009-10-13 Ten Minutes to Learn One Minute to Practice Ten Seconds to Work Imagine if you could . . . Radically reduce stress Increase your physical vitality Improve your quality of life Now you can. We live in an age of stress. Each day at work and at home as we struggle to take care of the basics, constant stress significantly affects our ability to lead healthy and happy lives. We struggle with stomach pain, headaches, mood swings, fatigue, depression, high blood pressure, and even heart failure. Not only does stress damage our physical and emotional well-being, but our relationships and productivity suffer as well. What, if anything, can we do to stop this cycle? There is a multitude of books, magazine features, TV programs, videotapes, meditation classes, and seminars, all aimed at stopping stress. But until now there has never been a scientifically based program that not only starts working within seconds but also creates a foundation to help remove stress and the symptoms associated with it from your life for good. Dr. Fred Luskin and Dr. Kenneth R. Pelletier spent years at the Stanford University School of Medicine developing ten proven skills for eliminating the stress, anxiety, and pain that occur in daily life. Delivering skills that have been honed and tested among a diverse group of Americans, Stress Free for Good is easy to use and starts working immediately. Offering more than just the promise of breaking even and eliminating daily stress, these ten skills provide a foundation for living a healthier and happier life. This is not only a practical and accessible guide to conquering the stress in our lives once and for all, it is also the last stress aid you will ever need.

*10% Happier* Dan Harris, 2014-03-11 #1 New York Times Bestseller REVISED WITH NEW MATERIAL Winner of the 2014 Living Now Book Award for Inspirational Memoir An enormously smart, clear-eyed, brave-hearted, and quite personal look at the benefits of meditation. —Elizabeth Gilbert Nightline anchor Dan Harris embarks on an unexpected, hilarious, and deeply skeptical odyssey through the strange worlds of spirituality and self-help, and discovers a way to get happier that is truly achievable. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. *10% Happier* takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's spiritual scene, and leaves them with a takeaway that could actually change their lives.
