Send Bulk Email Free with PhpList3 Steven Dorty, 2017-03-02 Starting or growing a business is perhaps the most challenging and rewarding endeavor that one could partake in. There exists competition in every niche where business rivals compete for their share of available market. Understanding the technology used to send bulk email campaigns will give you a competitive edge that can be used to capture more of your available market. There are many approaches to reaching new customers and capturing more market share, one of which is email marketing. Many marketers have embraced email marketing due to its cost-effectiveness and because large volumes of email subscribers can be reached at a fraction of the cost and time required by more traditional marketing channels. For these and other reasons, many bulk email solution providers have sprung up in recent years, most offering their own unique spin on the process. The pricing between the major player in this space competitive, with prices starting as low as \$20 per campaign but quickly escalating in price with regular use. Businesses of all sizes can reduce costs and gain a competitive edge by embracing open-source software such as phpList. *Send Bulk Email Free* teaches you the most important steps necessary to send successful email campaigns using only open source solutions. We demonstrate how to begin sending email campaigns in less than a day, using the resources you already have available while avoiding SPAM filters, blacklists and other deliverability issues. We demonstrate the techniques that automate every part of the email marketing process including message content. Learn to integrate proven marketing tactics to increase the amount of subscribers in your list, engage your readers and build a trusting relationship with them. Completely customize the appearance of phpList and integrate it seamlessly into any existing website. By the time you have finished reading this book, you will have learned how to create your own email marketing system using only basic technological knowledge for less than \$10 per month, or in some cases, no cost at all.
