You Can Have Living Faith United Church of God,2010-09-08 What is faith, and how do we receive it and grow in it? We live in a society that is virtually devoid of faith. Since most people don't read the Bible, they don't know much about God or believe He even exists. What about you - do you lack the faith to believe in God? Having true faith will help you make sense out the troubling and confusing world you live in. It will give you the confidence you need to move forward with your life despite trials and setbacks. How do you get faith? Growing in faith requires believing in God and maintaining a close relationship with Him. You can have this relationship with God through daily prayer, Bible study and applying what God says in the Scriptures in your personal life. Learn more about how to grow in Christian faith by reading this Bible study aid ebook, *You Can Have Living Faith*, and start building that close relationship with God today! Chapters in this ebook: -- Introduction: You Can Have Living Faith -- What Is Faith? -- The Meaning of Faith -- The Book of James: An 'Epistle of Straw'? -- Examples of Living Faith -- When It Seems God Doesn't Hear or Answer -- Enemies of Faith -- Growing in Faith Inside this Bible Study Aid ebook: Lack of faith—an active, living trust in and relationship with God—is a widespread problem affecting every nation and virtually every individual. If we want to better our lives, our model for living faith should be Jesus Christ. Many people don't have the faith described in the Bible because they do not believe or practice what Jesus said: If you love Me, keep My commandments (John 14:15). The Bible tells us salvation is by God's grace and is not earned by good works lest any man should boast (Ephesians 2:8-9). But we are saved by grace through faith. The danger we face is that our faith will die if we neglect our salvation by not living a life of obedience to God (Hebrews 2:1-3). The examples and testimonies of the men and women we read about in Hebrews 11 show us we can believe God. We should pray to God for faith, and we should pray often for it (Luke 18:1). Living a life of prayer, Bible study and humble obedience to God clarifies and strengthens our faith.

Free J. Kevin Butcher,2021-04-06 Are you weary? Trying to follow Jesus and be a “good Christian,” only to hear the voice of shame whisper, try harder? Good Christians are supposedly known for diligently practicing spiritual disciplines like Bible study, prayer, evangelism, and serving God. Disciplines that are expected, through inspired effort, to conquer sin in us and in the world. The tragedy is, so few Christians understand that we aren't just sinful but wounded. We don't need a list of disciplines. We need a Healer, a Deliverer to come and set us free. Here is the truth: We have a Healer. His name is Jesus Christ. He loves us. His calls us first to own how desperate we are—for him; and then to accept his invitation to abide in his great love. Kevin Butcher points us toward this healing Jesus, who offers us his all-encompassing love. You will find nothing here about lists and shoulds. Instead, you will discover how to fall in love with Jesus and then how to walk with him—not in drudgery, but freedom—abiding in his love. A love that rescues us from drudgery and shame, surrounding us with joy even in our darkest hour. A love so powerful that it births our worship, obedience, and willingness to surrender all to him. Even when hell is at your doorstep, the love of Jesus will surround you, protect you, empower you, and set you free. Because God's love isn't just important to your journey—God's love is everything.

The Crises of the Christ George Campbell Morgan,1903

IronPython in Action Christian J. Muirhead,Michael Foord,2009-03-01 In 2005, Microsoft quietly announced an initiative to bring dynamic languages to the .NET platform. The starting point for this project was a .NET implementation of Python, dubbed IronPython. After a couple years of incubation, IronPython is ready for real-world use. It blends the simplicity, elegance, and dynamism of Python with the power of the .NET framework.

IronPython in Action offers a comprehensive, hands-on introduction to Microsoft's exciting new approach for programming the .NET framework. It approaches IronPython as a first class .NET language, fully integrated with the .NET environment, Visual Studio, and even the open-source Mono implementation. You'll learn how IronPython can be embedded as a ready-made scripting language into C# and VB.NET programs, used for writing full applications or for web development with ASP. Even better, you'll see how IronPython works in Silverlight for client-side web programming. IronPython opens up exciting new possibilities. Because it's a dynamic language, it permits programming paradigms not easily available in VB and C#. In this book, authors Michael Foord and Christian Muirhead explore the world of functional programming, live introspection, dynamic typing and duck typing, metaprogramming, and more. IronPython in Action explores these topics with examples, making use of the Python interactive console to explore the .NET framework with live objects. The expert authors provide a complete introduction for programmers to both the Python language and the power of the .NET framework. The book also shows how to extend IronPython with C#, extending C# and VB.NET applications with Python, using IronPython with .NET 3.0 and Powershell, IronPython as a Windows scripting tool, and much more. Purchase of the print book comes with an offer of a free PDF, ePub, and Kindle eBook from Manning. Also available is all code from the book.

How to Start a Business for Free David Caplan, 2003 Most prosperous businesses are started on extremely tight budgets, and founders hustle hard to deliver innovative--or simply good--products or services. This book focuses on strategies to make great business ideas reality as cheaply as possible.

The Values Campaign? John C. Green, Mark J. Rozell, Clyde Wilcox, 2006-08-17 The Christian Right never ceases to surprise professional observers of American politics. With the Christian coalition in disarray, many expected that the movement would play less of a role in the 2004 elections. But when exit polls reported that moral values were the most commonly cited reason for presidential vote choice, pundits immediately proclaimed the importance of the values vote. Yet the role of the Christian Right, of statewide referenda on same-sex marriage, and of religious mobilization remained the subject of debate. The Values Campaign? The Christian Right and the 2004 Elections reaches well beyond the instant analyses of the post-election period to provide an assessment of the role of the religious right in 2004. The contributors to this volume are among the leading scholars of religion and politics in the United States, and many have contributed for over a decade to ongoing discussions of the role played by the religious right in national elections. The authors consider national mobilization and issues, and also explore the role of the Christian Right in specific states. Their evaluations contend that the values campaign was not an aberration but a consistent pattern of national politics, and that moral traditionalism will likely continue to be a significant factor in future elections. A timely study of the 2004 elections, this volume will appeal to scholars and observers of electoral politics, state

politics, and religion and politics.

The Myth of Religious Violence William T Cavanaugh, 2009-09-03 The idea that religion has a dangerous tendency to promote violence is part of the conventional wisdom of Western societies, and it underlies many of our institutions and policies, from limits on the public role of religion to efforts to promote liberal democracy in the Middle East. William T. Cavanaugh challenges this conventional wisdom by examining how the twin categories of religion and the secular are constructed. A growing body of scholarly work explores how the category 'religion' has been constructed in the modern West and in colonial contexts according to specific configurations of political power. Cavanaugh draws on this scholarship to examine how timeless and transcultural categories of 'religion and 'the secular' are used in arguments that religion causes violence. He argues three points: 1) There is no transhistorical and transcultural essence of religion. What counts as religious or secular in any given context is a function of political configurations of power; 2) Such a transhistorical and transcultural concept of religion as non-rational and prone to violence is one of the foundational legitimating myths of Western society; 3) This myth can be and is used to legitimate neo-colonial violence against non-Western others, particularly the Muslim world.

Shelter of the Most High (Cities of Refuge Book #2) Connilyn Cossette, 2018-10-02 The daughter of a pagan high priest, Sofea finds solace from her troubles in the freedom of the ocean. But when marauders attack her village on the island of Sicily, she and her cousin are taken across the sea to the shores of Canaan. Eitan has lived in Kedesh, a City of Refuge, for the last eleven years, haunted by a tragedy in his childhood and chafing at the boundaries placed on him. He is immediately captivated by Sofea, but revealing his most guarded secret could mean drawing her into the danger of his past. As threats from outside the walls loom and traitors are uncovered within, Sofea and Eitan are plunged into the midst of a murder plot. Will they break free from the shackles of the past in time to uncover the betrayal and save their lives and the lives of those they love?

The Battle for God Karen Armstrong, 2011-08-10 In the late twentieth century, fundamentalism has emerged as one of the most powerful forces at work in the world, contesting the dominance of modern secular values and threatening peace and harmony

around the globe. Yet it remains incomprehensible to a large number of people. In *The Battle for God*, Karen Armstrong brilliantly and sympathetically shows us how and why fundamentalist groups came into existence and what they yearn to accomplish. We see the West in the sixteenth century beginning to create an entirely new kind of civilization, which brought in its wake change in every aspect of life -- often painful and violent, even if liberating. Armstrong argues that one of the things that changed most was religion. People could no longer think about or experience the divine in the same way; they had to develop new forms of faith to fit their new circumstances. Armstrong characterizes fundamentalism as one of these new ways of being religious that have emerged in every major faith tradition. Focusing on Protestant fundamentalism in the United States, Jewish fundamentalism in Israel, and Muslim fundamentalism in Egypt and Iran, she examines the ways in which these movements, while not monolithic, have each sprung from a dread of modernity -- often in response to assault (sometimes unwitting, sometimes intentional) by the mainstream society. Armstrong sees fundamentalist groups as complex, innovative, and modern -- rather than as throwbacks to the past -- but contends that they have failed in religious terms. Maintaining that fundamentalism often exists in symbiotic relationship with an aggressive modernity, each impelling the other on to greater excess, she suggests compassion as a way to defuse what is now an intensifying conflict. **BONUS:** This edition contains an excerpt from Karen Armstrong's *Twelve Steps to a Compassionate Life*.

Conversations with God for Teens Neale Donald Walsch, 2012-10-01 Suppose you could ask God any question and get an answer. What would it be? Young people all over the world have been asking those questions. So Neale Donald Walsch, author of the internationally bestselling *Conversations with God* series had another conversation. *Conversations with God for Teens* is a simple, clear, straight-to-the-point dialogue that answers teens questions about God, money, sex, love, and more. *Conversations with God for Teens* reads like a rap session at a church youth group, where teenagers discuss everything they ever wanted to know about life but were too afraid to ask God. Walsch acts as the verbal conduit, showing teenagers how easy it is to converse with the divine. When Claudia, age 16, from Perth, Australia, asks, Why can't I just have sex with everybody? What's the big deal?, the answer God offers her is: Nothing you do will ever be okay with everybody. 'Everybody' is a large word. The real question is can you have sex and have it be okay with you? There's no doubt that the casual question-and-answer format will help make God feel welcoming and accessible to teens. *Conversations with God for Teens* is the perfect gift purchase for parents, grandparents, and anyone else who wants to provide accessible spiritual content for the teen(s) in their lives.

Literature Suppressed on Religious Grounds, Fourth Edition Margaret Bald, 2019-08-01 Censorship of religious and philosophical speculation is as old as history and as current as today's headlines. Many of the world's major religious texts, including the Bible, the Talmud, the Koran, and others, have been suppressed, condemned, or proscribed at some time. Works of secular literature that touch upon religious beliefs or reflect dissenting views have also been suppressed. *Literature Suppressed on Religious Grounds, Fourth Edition* profiles the censorship of many of these works. These include the frequently challenged Harry Potter series, which critics accuse of promoting witchcraft and anti-family themes, as well as Philip Pullman's *His Dark Materials* trilogy and Dan Brown's *The Da Vinci Code*. Entries include: *The Age of Reason* (Thomas Paine) *The Analects* (Confucius) *The Battle for God* (Karen Armstrong) *The Bible* *Children of the Alley* (Naguib Mahfouz) *Critique of Pure Reason* (Immanuel Kant) *The Da Vinci Code* (Dan Brown) *Dialogue Concerning the Two Chief World Systems* (Galileo Galilei) *Discourse on Method* (Rene Descartes) *Don Quixote* (Miguel de Cervantes Saavedra) *The Harry Potter series* (J.K. Rowling) *His Dark Materials* (Philip Pullman) *The Jewel of Medina* (Sherry Jones) *The Koran* *The Last Temptation of Christ* (Nikos Kazantzakis) *On the Origin of Species* (Charles Darwin) *The Satanic Verses* (Salman

Rushdie) The Talmud Thirteen Reasons Why (Jay Asher) and more.
