A Catalogue of the Everett D. Graff Collection of Western Americana Newberry Library,1968-11 The Everett D. Graff Collection of Western Americana consists of some 10,000 books, manuscripts, maps, pamphlets, broadsides, broadsheets, and

photographs, of which about half are described in the present catalogue. The Graff Collection displays the remarkable breadth of interest, knowledge, and taste of a great bibliophile and student of Western American history. From this rich collection, now in The Newberry Library, Chicago, its former Curator, Colton Storm, has compiled a discriminating and representative Catalogue of the rarer and more unusual materials. Collectors, bibliographers, librarians, historians, and book dealers specializing in Americana will find the Graff Catalogue an interesting and essential tool. Detailed collations and binding descriptions are cited, and many of the more important works have been annotated by Mr. Graff and Mr. Storm. An extensive index of persons and subjects makes the book useful to the scholar as well as to the collector and dealer. The book is not a bibliography but rather a guide to rare or unique source materials now enriching The Newberry Library's outstanding holdings in American history.

The Sonar of Dolphins Whitlow W.L. Au, 2012-12-06
The extraordinary ability of dolphins to echolocate has fascinated scientists and the public since its discovery in the late 1950's. This is the first book to summarize modern research in this area, and presents a broad synthesis of this very interdisciplinary subject. The author is an internationally-recognized expert on dolphin sonar and is thus in a unique position to bring together research on the physiological, mathematical and engineering aspects of the subject. Of interest to auditory researchers,

electrical engineers, acoustical physicists, and mammalian physiologists.

United States Code United States,2013 The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this

edition may be cited U.S.C. 2012 ed. As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office--Preface.
