Inside Voices Sarah Davis,2020-05-21 The mind is a strange beast...extraordinary, unpredictable, protective. Penny Osborn's mind is no exception. In High School, Penny witnessed a massacre and lost her father to the same killers. She had seen it unfold before it happened, in a premonition, but could not prevent it. A college research project at the edge of the Arctic is her chance for a new beginning. Struggling with PTSD, Penny's therapy includes running, dogs, and guitars. Yet her fresh start is plagued by new premonitions, dark and foreboding, that coincide with a rising number of murders in the community. Her visions are vague, offering little to identify the killer. When confronted with an orphaned polar bear cub, Penny risks everything to save its life. The deepening mystery of the murdered women, coupled with the exhaustive duties of caring for the small cub, draw her closer to her friend, Noah, and further from her sister. Fearful for the serial killer's next target, Penny discovers where her physical abilities can help her. Will letting go of the past lead to healing? And can she stop the murders?

[It Came from the Multiplex](#) Joshua Viola, 2020-09-11 Welcome to tonight's feature presentation, brought to you by an unholy alliance of our spellcasters at Hex Publishers and movie-mages at the Colorado Festival of Horror. Please be advised that all emergency exits have been locked for this special nostalgia-curdled premiere of death. From crinkling celluloid to ferocious flesh--from the silver screen to your hammering heart--behold as a swarm of werewolves, serial killers, Satanists, Elder Gods, aliens, ghosts, and unclassifiable monsters are loosed upon your auditorium. Relax, and allow our ushers to help with your buckets of popcorn--and blood; your ticket stubs--and severed limbs; your comfort candy--and body bags. Kick back and scream as you settle into a fate worse than Hell. Tonight's director's cut is guaranteed to slash you apart.

Let's Make Comics! Jess Smart Smiley, 2018-06-05 A light-hearted interactive guide to comics and cartoon-making that uses an activity book format and creatively stimulating prompts to teach the fundamentals of cartooning in a fun and easy-to-follow fashion. From a working cartoonist and comic book making instructor, this all-ages activity book uses humorous and informative one-page comics and exercise prompts to guide young readers (and readers who are young at heart) through easy-to-master lessons on the skills needed to make comics. The activities cover a range of essential comics-making tasks from creating expressions for characters to filling in blank panels to creating original characters and placing them in adventures of their own. Each exercise can stand on its own or work together with others in the book to stimulate creativity via the comics medium. In the end, readers who complete the activities inside the book itself will have created several comics of their own, and will have generated many ideas for more sequential art creations. Praise for Let's Make Comics! "At once playful and complex, this book is a perfect introduction to cartooning, as well as a lovely (and lovingly crafted) tribute to the comics form and a timely reminder that artmaking can be fun."—Roman Muradov, creator of Vanishing Act and On Doing Nothing "Let's Make Comics is a book I wish I had when I was 9, but 29 works too! It's so fun and brilliant and packed with oodles of awesome activities. Great book for learning to make comics or for a seasoned cartoonist to find some new inspiration."—Ben Clanton, creator of the Narwhal and Jelly books "It's fantastic! This book will make you a better writer and a better artist and show you how to think like a comic star."—Charise Harper, creator of the Fashion Kitty and Crafty Cat books "Warning! This book will make you make comics, and it will be fun!"—Greg Pizzoli, creator of The Watermelon Seed, Number One Sam, and The Book Hog "If only we'd had this book! Our comics would be much better."—Elizabeth Pich and Jonathan Kunz, creators of War and
