David Graeber

*Desperate Girls* Laura Griffin,2019-12-17 New York Times bestselling author Laura Griffin's *Desperate Girls* is a tightly wound, fast-paced romantic thriller that follows a desperate woman on the run as she hides from a killer's symbolic revenge spree. Defense attorney Brynn Holloran is right at home among cops, criminals, and tough-as-nails prosecutors. With her sharp wit and pointed words, she has a tendency to intimidate, and she likes it that way. She's a force to be reckoned with in the courtroom, but in her personal life, she's a mess. When a vicious murderer she once helped prosecute resurfaces and starts a killing spree to wipe out those who put him behind bars, one thing becomes clear: Brynn needs to run for her life. When the police come up empty-handed, Brynn turns to a private security firm for protection. But when she defies advice and gets involved in the investigation, even the former Secret Service agent assigned to protect her may not be able to keep her safe. With every new clue she discovers, Brynn is pulled back into the vortex of a disturbing case from her past. As the clock ticks down on a manhunt, Brynn's desperate search for the truth unearths long-buried secrets and reignites a killer's fury.

Commercial News USA. ,

*Bullshit Jobs* David Graeber,2019-05-07 From bestselling writer David Graeber—"a master of opening up thought and stimulating debate" (Slate)—a powerful argument against the rise of meaningless, unfulfilling jobs...and their consequences. Does your job make a meaningful contribution to the world? In the spring of 2013, David Graeber asked this question in a playful, provocative essay titled "On the Phenomenon of Bullshit Jobs." It went viral. After one million online views in seventeen different languages, people all over the world are still debating the answer. There are hordes of people—HR consultants, communication coordinators, telemarketing researchers, corporate lawyers—whose jobs are useless, and, tragically, they know it. These people are caught in bullshit jobs. Graeber explores one of society's most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. "Clever and charismatic" (The New Yorker), *Bullshit Jobs* gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and "a thought-provoking examination of our working lives" (Financial Times).

Redefining Health Care Michael E. Porter,Elizabeth Olmsted Teisberg,2006-04-24 The U.S. health care system is in crisis. At stake are the quality of care for millions of Americans and the financial well-being of individuals and employers squeezed by skyrocketing premiums—not to mention the stability of state and federal government budgets. In *Redefining Health Care*, internationally renowned strategy expert Michael Porter and innovation expert Elizabeth Teisberg reveal the underlying—and largely overlooked—causes of the problem, and provide a powerful prescription for change. The authors argue that competition currently takes place at the wrong level—among health plans, networks, and hospitals—rather than where it matters most, in the diagnosis, treatment, and prevention of specific health conditions. Participants in the system accumulate bargaining power and shift costs in a zero-sum competition, rather than creating value for patients. Based on an exhaustive study of the U.S. health care system, *Redefining Health Care* lays out a breakthrough framework for redefining the way competition in health care delivery takes place—and unleashing stunning improvements in quality and efficiency. With specific recommendations for hospitals, doctors, health plans, employers, and policy makers, this book shows how to move health care toward positive-sum competition that delivers lasting benefits for all.

Alfa Romeo Giulietta Matteo Licata,2018-07-11 Built in almost four hundred thousand units between 1977 and 1985, the wedge Giulietta, also known as 116 by Alfa Romeo enthusiasts, is a car that's fondly remembered but hadn't yet had a title entirely dedicated to it. Matteo Licata, Italian car designer and automotive historian, finally tells the story of this unfairly underrated Alfa Romeo model.
