Hardening Network Infrastructure Wesley J. Noonan,2004 This book's concise and consistent approach breaks down security into logical parts, giving actions to take immediately, information on hardening a system from the top down, and finally when to go back and make further upgrades.

Learning with Information Systems Simon Bell,2013-02-01 In Learning with Information Systems the author takes the developing world as the context and through a series of case studies develops a commonly used systems analysis methodology. He demonstrates how this methodology can evolve and adapt as new ideas become prominent. Issues of sustainability of information systems, participation in systems design and user ownership of systems are all examined. This book does not attempt to be prescriptive for all contexts nor does it focus on any particular technology. It addresses the essential questions and promises practical approaches which will help in the avoidance of the worst forms of disaster associated with the planning of information systems for developing countries.

The Ugly Duckling Goes to Work Mette Norgaard,Hans Christian Andersen,2005 Foreword by Stephen R. Covey Are outer demands for more success, more money, and more prestige overwhelming your inner longings? Is your work no longer energizing you? For many people in the work world, years of frenetic activity and blind ambition are actually killing them. They are enslaved to the opinions of others...to the financial burden of an extravagant lifestyle...to a crushing fear of failure. The great Danish writer Hans Christian Andersen succinctly illuminated foibles like these in his treasured fairy tales for children and adults. Now, the powerful lessons of these classic folk tales have been ingeniously applied to the complexities of the modern workplace. *The Ugly Duckling Goes to Work* probes H. C. Andersen's sharp and witty stories for lessons that will inspire you to bring more meaning, more energy, and more joy to your work -- to create a meaningful work life. You'll read about: * *The Emperor's New Clothes*: This prickly story pokes fun at phoniness and snobbery and shows how fear and ego can drive you to foolishness. You'll learn to reclaim your own agenda by using two terrific fool-detectors: self-awareness and candid conversations. * *The Ugly Duckling*: This fierce tale of rejection, survival, longing, learning, and growing teaches you that success is not just having a great career, but finding out where you belong and becoming the person you were meant to be. * *The Dung Beetle*: The dung beetle, a self-absorbed and status-driven creature, provides a cautionary example of the need to get past illusions and face the reality of your strengths and weaknesses in order to succeed. * *The Nightingale*: This charming story looks at a plain little bird that sings the most enchanting songs, drawing its strength from nature, meaning, and freedom -- in sharp contrast to the gold, titles, and applause that motivate the emperor's court. The tale teaches you to push beyond mere perfunctory performances and reach your full potential. In addition to the concise summaries and probing analyses of H. C. Andersen's tales, *The Ugly Duckling Goes to Work* includes the author's new translations of the full texts, which restore the humor and rich detail often muted in previous English translations. Simple but never simplistic, these insightful interpretations and translations of some of the most cherished stories ever written will help you look deeply at your life, laugh lightly at your flaws, and make the changes needed to build a more meaningful, joyful work life.

The Veiled Web Catherine Asaro,2022-09-27 "A near-future layering of East and West, of religion and technology . . . and of love and its loss—all woven into an intriguing tapestry." —Diana Gabaldon, bestselling author of the Outlander series Winner of the Homer Award for Best Science Fiction Novel A renowned prima ballerina, Lucia del Mar is far more comfortable expressing herself through dance than with words. Shy and introverted, she spends most of her spare time on her laptop. Still, Lucia's job forces her out of her comfort zone, which is how she winds up at a White House reception where she meets Rashid al-Jazari, the wealthy CEO of a multinational corporation. Although attracted to him, Lucia can't help but feel awkward and shrugs off their encounter as a one-time event. Not realizing he feels a similar attraction, she never imagines Rashid will seek out her performances; he is the last person she expects to see when her dance company travels to Italy. Their reunion takes an even more unexpected turn when they're both drugged and kidnapped. Although they overcome their abductors, it leaves them stranded in North Africa. For her own safety, Lucia agrees to marry Rashid, at least for the time being. As she recovers at his family compound in Morocco, reeling from their brush with danger, she struggles to fit into a culture she knows nothing about—and to deal with her growing feelings for Rashid. At the same time, at his secret office there, Rashid is developing a dramatic leap forward in artificial intelligence combined with virtual reality. He finds himself plunged into a fight for control of his work against powerful international forces, and caught in the middle, Lucia is swept into that battle . . . "A terrific novel, ripping a path from today's headlines to tomorrow's realities." —Robert J. Sawyer, Nebula Award-winning author

The Blonde Geisha Jina Bacarr,2014-08-01 The early summer of 1892 brought a heavy rainy season that year in Japan. Plum Rain, the Japanese called it, because it comes when the fruit bulges with ripeness and promise. Like a young girl reaching womanhood. A girl like me. In the ancient Japanese tradition of beauty and grace, sex and erotic fantasies are hidden secrets that only a select few may learn, and which are forbidden to foreigners. But when a threat to her father's life puts her own in jeopardy, young Kathlene Mallory is sent to live in safety at the Tea House of the Look-Back

Tree, where she is allowed to glimpse inside the sensual world of the geisha. During the years of her training in the art of pleasuring men, Kathlene's desires are awakened by the promise of unending physical delights, and she eagerly prepares for the final ritual that will fulfill her dream of becoming a geisha — the selling of her virginity. The man willing to pay for such an honor, Baron Tonda, is not the man for whom Kathlene carries a secret longing, but he is the man who will bring ruin to the teahouse, and danger to Kathlene, if he is disappointed....
