Stress-Free Sailing Duncan Wells,2015-03-12 The vast majority of sailing yacht scenarios comprise a couple sailing the boat together, and needing to carry out all manoeuvres and activities themselves with no help from a back-up crew. Their boat handling, navigation, sail handling, anchoring and mooring skills all have to be carried out both efficiently and effectively, preferably with the minimum of physical effort (to conserve energy). But most sailing technique books assume a crew of 3 or 4, all willing to lend a hand. This book is therefore a first, addressing the most common sailing scenarios that anyone cruising will have to deal with, and providing clever, original, highly effective (and most importantly successfully tried and tested by the author) techniques and solutions for dealing with the huge variety of essential operations on a boat - from sail setting and reefing, to picking up mooring buoys in a variety of wind and tide situations, anchoring, berthing and leaving a pontoon shorthanded, picking up a man overboard, sailing in fog and heavy weather - and even going up the mast. This book will be a godsend to anyone sailing single or shorthanded - including couples with young children who need to be supervised by one parent whilst the other runs the boat. Organised into techniques for different cruising scenarios, the book features step by step sequential photos showing exactly how to approach each situation and carry out the task in hand.

Shakedown Cruise Nigel Calder,2018-05-01 Long before he was one of America's leading yachting writers, Nigel Calder was a novice cruiser with ambitions grander than his experience. Nigel and his partner Terrie were young and foolish, with a home-built boat that was new and untested, one child already and another on the way - but they were determined to complete an adventurous 18-month voyage from New Orleans to Venezuela and back. It was the voyage that made Calder the yachtsman he is today, a marvellous romp through the West Indies, seeing an unspoilt Caribbean, while learning hard-won lessons from direct experience - troubleshooting engines, kedging off shoals and reefs, and most importantly navigating Nada, a yacht that quickly became very much part of the burgeoning Calder family too. An adventure story and a colourful travelogue in one, Shakedown Cruise is a must-read for all who are curious about what it takes to become a cruising sailor or create an adventurous life, as well as those who are just looking to sail along with Nigel and his family.
