**Start with Why** Simon Sinek,2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

**Azaleas** So-wöl Kim, 2007 Available for the first time in English, Azaleas is a captivating collection of poems by a master of the early Korean modernist style. Published in 1925, Azaleas is the only collection Kim Sowol (1902-1934) produced during his brief life, yet he remains one of Korea's most beloved and well-known poets. His work is a delightful and sophisticated blend of the images, tonalities, and rhythms of traditional Korean folk songs with surprisingly modern forms and themes. Sowol is also known for his unique and sometimes unsettling perspective, expressed through loneliness, longing, and a creative use of dream imagery--a reflection of Sowol's engagement with French Symbolist poetry. Azaleas recounts the journey of a young Korean as he travels from the northern P'yongyang area near to the cosmopolitan capital of Seoul. Told through an array of voices, the poems describe the young man's actions as he leaves home, his experiences as a student and writer in Seoul, and his return north. Although considered a landmark of Korean literature, Azaleas speaks to readers from all cultures. An essay by Sowol's mentor, the poet Kim Ok, concludes the collection and provides vital insight into Sowol's work and life. This elegant translation by David R. McCann, an expert on modern Korean poetry, maintains the immediacy and richness of Sowol's work and shares with English-language readers the quiet beauty of a poet who continues to cast a powerful spell on generations of Korean readers.
