Rich20Something Daniel DiPiazza, 2018-04-24 The Only Guide You Need to Stop Wasting Your Potential and Create a Kickass Career You Care About Daniel DiPiazza, the young founder of the massively popular Rich20Something.com, was once a typical twentysomething, logging mind-numbing hours at low-paying jobs in hopes of moving up. Then it hit him: This doesn't have to be my life. Now twenty-eight, DiPiazza has launched multiple successful businesses with zero startup capital—simply by identifying and monetizing his skills into a career and life he loves. And with this book, so can you. Rich20Something is not some boring spiel on “paying your dues”; it's about hustle. Instead of inching your way up the traditional career ladder, DiPiazza teaches you how to hack it, sharing hard-earned advice, anecdotes from other entrepreneurial badasses, and step-by-step techniques for turning your best skills into a business you're passionate about that pays well to boot, including success secrets like:

- The three questions that will help fail proof your business idea
- How to ruthlessly prioritize, focus, and “ride the Motivation Wave” to get your gig going
- Promotion strategies that literally make you money while you sleep
- Owning the online game on every platform, from ten followers to 500,000

It's time to toss out your parents'

career guides (sorry, mom and dad). Rich20Something is the only book you need to blaze your own path to an epic career and start getting the most out of your life now.

Obsessed Marc Bresseel, Renout van Hove, 2019-12-02
Being obsessed with positive change and ideas can propel us to extraordinary achievements and can be a fantastic positive driver of change. In the age of AI wired consumers with irrationally high demands, we need to be obsessed with creating smooth, differentiated, relevant, exciting customer experiences and frictionless customer services. Any of those interactions should be driven by customer data - the pulse of every customer's unique heartbeat, and an organisation that has adopted new methodologies, processes, and technology platforms. In Obsessed, we demystify the complex world of data and sales and marketing technology. We answer questions like: How do you build a data culture and strategy? How can you be more intentional about the technology foundation you choose to improve your marketing and sales engine across the customer lifecycle. How do you create an obsession for the right metrics that focus on value? How do you infuse Artificial Intelligence capabilities into your organization?

Can you see GDPR as an enabler? Finally, we need a cultural paradigm shift in dealing with marketing technology and applying it to marketing and sales scenarios. An obsession with long term thinking and customer relationships based on value rather than short term. And that's when you truly start rebooting your revenue engine. ABOUT THE AUTHOR Marc Bresseel started his professional career at IBM and subsequently grew further while at Microsoft. He was fortunate to kick off the Microsoft online services MSN, Hotmail, and Messenger as one of the early internet pioneers in Belgium. He managed the sales and marketing activities for MSN and Microsoft online services in the EMEA markets and became Global CMO for Microsoft Advertising. After sixteen years at Microsoft, Marc managed the top 14 markets for IPG Mediabrands. In 2014 he became a founding partner of Duval Union, an organization that provides business & marketing consulting, and marketing & communication execution to brands.
