Axiomuscle: Stop Wasting So Much Time at the Gym (And Finally Start Seeing Some Actual Results) Michael Allen, 101-01-01 STOP wasting your TIME, ENERGY and MONEY and START seeing TRUE RESULTS! Have you been working out for a while but are secretly disappointed with your results? Are you only a beginner, and would like to know what's the most effective way to get your dream body? What if you could create the body of your dreams, faster than you can imagine? The health and fitness industry is generating billions of dollars every year. Yes, we spend a lot of money in order to be sexy, attractive and healthy. But the sad news is that despite the goodwill of

many people, and their strong determination, most of the people DO NOT get the results they wish for. And in this book, you will learn exactly why & how to avoid wasting your time! In AxioMuscle: Stop Wasting So Much Time at the Gym (And Finally Start Seeing Some Actual Results), author Michael Allen will show you the common mistakes most people make, teaching you how to work out properly and potentially cutting YEARS from your journey to the best shape you can have! Here's what you can expect: - Understand why people spend years in the gym but still fail to get results - Discover the solution and get your desired results with minimum effort & time - Save yourself from literally wasting time and even DAMAGING your health by learning how to work out properly - Get the full picture - workouts, sleep, diet and nutrition -- And much, much more! Michael Allen has worked full-time for many years in the fitness environment in the management of a gym. After years of observing different trainers and meeting different people, he concluded that most people basically waste their time at the gym by exercising according to methods that were largely ineffective and produced no results. Q: Why should I trust this book? A: Unlike other books, fitness programs or famous fitness gurus, no one will try to upsell you in this book and make you spend more money. The fitness industry makes money from you being unhappy with your body. This book will give you pure distilled concepts, and show you how to actually do it right. Q: I've already been working out for years. What can this book possibly offer me that I don't already know? A: If you're working out for years, and still unsatisfied with your results, you should do something different. Put your ego aside, test the ideas inside this book, and see for yourself. Most people can't admit they were wrong, therefore, most people would rather stick to a workout plan that doesn't work rather

than admitting that they were wrong. Don't fool yourself – read it and test it out! Q: Can this book guarantee results? A: At the end of the day, you're the one who's eating, sleeping, and working out, so it's really up to you; guarantee is a pretty strong word when the ball is essentially in your court. But if you DO follow this book to the letter, you can safely bet on seeing far better results than you're likely to see otherwise. Let AxioMuscle show you the way to safe, effective gym results!

The Lazy Teacher's Handbook Jim Smith, 2010-02-18
Ever wondered what would happen if you stopped teaching in your lessons? You might be surprised. If you want your students to learn more and you to work less, then this book provides you with all the arguments and evidence you need to become a lazy, but outstanding teacher. Gathered over 10 years in the classroom, this handbook of tried-and-tested techniques shifts the emphasis away from the teaching and onto the learning, and makes your life so much easier in the process. Fed up missing out on those sunny Sundays? Maybe your marking could be done by the local community instead? Sick of planning lessons? Get the students to plan them for you. (After all, personalised learning can't involve 30 lesson plans!). This powerful book is packed full of easy-to-apply and highly effective strategies (which Ofsted have rated as 'outstanding'). What's more, they all have the seal of approval of real students in real classrooms. In fact, many of them have been thought up by the students themselves, but that's why Jim Smith is called the Lazy Teacher. So, next time someone says to you to get a life, this book will make it possible.
