You need to read on.... There are key business secrets to ALL businesses. These secrets are the difference between wondering about business success and actually succeeding for yourself. In my book, I share mine: The secrets of making money with photography. Armed with the knowledge I share, you'll become a confident freelancer. You'll be able to start a successful photography business and get paid what you're worth. You'll work smarter too. You'll be a top 10% earner in the country you live and have spare time for other things. My secrets show you how. Contents: Split into 3 core chapters, my book holds honest, realistic and easily actionable secrets I've used as a successful photographer since 2007. CHAPTER 1 - Eight key principles are outlines relating to photography and making money. They formulate a business mindset. This chapter is available for free as a sample here. CHAPTER 2 - I take the business mindset and attach it to the business of photography. Here, I want my readers to understand realistic markets and something I refer to as a 'business cycle'. I set out strategies focused entirely on customers/clients, how to find them, keep them and bring them back. No expensive advertising or social media successes required! CHAPTER 3 - I share precise secrets, tips and tricks about the areas of photography I've worked in and made my money from. Key Learning: * Getting paid what you're worth and become a top 10% earner where you live. * Feeling legitimate as a full-time professional. * Knowing what to shoot. * Knowing how and when to say no. * Confidence in all business activities from pricing to talking about what you do. * Understanding how important a functioning business cycle is. * Shooting styles and techniques to feed your business cycle. * Communication styles and techniques to feed your business cycle. * Specific marketing tips and tricks for landing certain types of work. Are you ready to start marking money from photography? Everything shared in this book is broad and comprehensive. Nothing requires invisible prerequisites. Everything is honest, realistic and universally actionable to almost anyone. Importantly, using the secrets in my book, being a top 10% earner where you live is realistic and achievable. It's also in line with the honest, realistic ethos of my book (I'm not a millionaire, not many people are and I'm not selling that kind of nonsense). Being a top 10% earner means making a great living to almost anyone and I show you how to achieve it. I can't wait for you to get started!

Caribbean Art Veerle Poupeye, 2022-04-07 Caribbean Art presents and discusses the diverse, fascinating and highly accomplished work of Caribbean artists, whether indigenous or from the diaspora, popular or high culture, rural or urban based, politically radical or religious. This expanded edition has a new preface, and has been updated to reflect on recent challenges to the ideological premises and institutions of conventional art-historical practice and their connections to histories of colonialism, Eurocentrism and race. Two new chapters focus on public monuments linked to the history of the Caribbean, and the intersections between art and tourism, raising important questions about cultural representation. Featuring the work of internationally recognized artists such as Sonia Boyce, Christopher Cozier, Wifredo Lam, Ana Mendieta, Ebony G. Patterson, Hervé Télémaque, and more than 100 others working across a variety of media, this new edition makes an important contribution to the understanding of Caribbean art and its context, in ways that invite and encourage further explorations on the subject.
