Choosing Fonts Bruce Byfield, 2016-06 This book is an extract from a much larger book entitled *Designing with LibreOffice*. It is intended for those who only want information on choosing and using fonts with LibreOffice, the popular free-licensed office suite. It consists of Chapter 4 and Appendixes C & D in the larger book. Although the first published extract, this book will eventually become the second of five excerpts from the complete book. The excerpts will be: Part 1: Styles and Templates Part 2: Choosing Fonts Part 3: Character and Paragraph Styles Part 4: Page, Frame, and List Styles Part 5: Slide Shows, Diagrams, and Spreadsheets Together, the five smaller books will contain most, but not all the information from the larger book. Any changes are minimal, and made for continuity or changes in structure made necessary by the changes in format.
