Creative Ideas for Alternative Sacramental Worship Simon Rundell, 2010-07-30 How can one achieve fresh expressions of church against a backdrop of millennia of church history, liturgy and tradition? *Creative Ideas for Alternative Sacramental Worship* explores a theology and method of creative, alternative worship which returns to the heart of the encounter with God - through ritual, symbol and in its ultimate expression, in sacramentalism. Created by an active practitioner in this field, Church of England priest and curator of the alternative worship experience *Blessed*, Simon Rundell provides examples, vision and practical know-how to enable readers to create and engage in alternative worship which is innovative, missionary and creative, using the richness of tradition and the depth of the catholic and orthodox spiritualities. This work provides a DVD of material for the reader to adapt and implement as well as a wealth of ideas for the reader's own expressions of postmodern worship.

The Oxford Handbook of Qualitative Research Patricia Leavy, 2020-08 The *Oxford Handbook of Qualitative Research*, Second Edition presents a comprehensive, interdisciplinary overview of the field of qualitative research. Divided into eight parts, the forty chapters address key topics in the field such as approaches to qualitative research (philosophical perspectives), narrative inquiry, field research, and interview methods, text, arts-based, and internet methods, analysis

and interpretation of findings, and representation and evaluation. The handbook is intended for students of all levels, faculty, and researchers across the disciplines, and the contributors represent some of the most influential and innovative researchers as well as emerging scholars. This handbook provides a broad introduction to the field of qualitative research to those with little to no background in the subject, while providing substantive contributions to the field that will be of interest to even the most experienced researchers. It serves as a user-friendly teaching tool suitable for a range of undergraduate or graduate courses, as well as individuals working on their thesis or other research projects. With a focus on methodological instruction, the incorporation of real-world examples and practical applications, and ample coverage of writing and representation, this volume offers everything readers need to undertake their own qualitative studies.

Sound of the Crowd: a Discography of the '80s (Fourth Edition) Steve Binnie, 2018-11-05 SOUND OF THE CROWD: A DISCOGRAPHY OF THE '80s is the ultimate record collector's guide to the 1980s. In the era of multi-formatting, picture discs, coloured vinyl, multiple remixes, funny shaped records and tiny CDs you could lose down the back of the sofa, this book lists every format of every single, EP and album released in the UK in the 1980s by over 140 of the decade's biggest acts, from ABBA to Paul Young. This fourth edition has been fully revised and expanded to include even more acts than ever before, with additional

sections to cover Band Aid-style charity congregations and compilation albums from the early '80s K-Tel efforts through to the Now That's What I Call Music series and its competitors. Compiled by Steve Binnie, editor of the '80s music website Sound of the Crowd and writer, producer and co-host of the unconventional '80s chart show Off The Chart, broadcast weekly on Mad Wasp Radio.

1700 Ways to Earn Free Book Publicity Anne Hart, 2006-02 Don't pay to promote, publicize, and market your book. The quickest ways to get free publicity for your book are to work at a writing camp (a boot camp for creative writing) and query a magazine editor to ask whether you can get a go-ahead to write an article titled, How to Write a Syllabus for Teaching a Course In _____. (Fill in the topic of your how-to book). Use your credibility and experience to sell your books. Give three reasons why people should take you seriously and trust your credibility, commitment, and stability. Show honesty and charisma in your writing. Motivate readers by examples. Being serious and convincing, even in comedy, 'brands' your reputation with a familiar symbol, proverb, or slogan related to your skills, life experience, or expertise. Showing readers how to teach a skill or craft quickly attracts the attention of magazine and newspaper Editors. Write articles where you can mention your book. Ask how-to or research-based publications' editors whether you can write an article on how to solve a problem for readers of the particular specialty of the magazine. Free publicity is abundant when you solve problems or train groups with similar

interests. Offer expertise in fields where instruction is welcome in research, repair, and lifestyles.

Reassessing Dubbing Irene Ranzato, Serenella Zanolini, 2019-08-06 Despite a long tradition of scholarship and the vast amount of dubbed audiovisual products available on the global market, dubbing is still relatively

underrepresented in audiovisual research. The aim of this volume is to give dubbing research its due by showing that, far from being a doomed or somewhat declining form of AVT, it is being exploited globally in the most diverse and fruitful ways. The contributions to this collection take up the diverse strands that make up the field, to offer a multi-faceted assessment of dubbing on the move, embracing its important historical past as well as present and future developments, thus proving that dubbing has really come a long way and has not been less ready than other AVT modes to respond to the mood of the times. The volume will be of interest for scholars and students of translation studies, audiovisual translation, linguistics, film, television and game studies.
