Essential English / French / Armenian Phrasebook John C. Rigdon,2016-06-12 This phrasebook contains a guide to English and French pronunciation and Grammar, paired with a guide to Eastern Armenian pronunciation and Grammar, sample phrases and sentences arranged by topic, and a dictionary of 700 of the most commonly used words and phrases. The Armenian language has its own unique alphabet which consists of 39 letters. The characters are similar to Hebrew and was invented by Mesrop Mashtots in 405 AD, At first glance it seems quite complex compared to Latin, but unlike English and many other languages, the spelling of Armenian is quite phonetic, so once you know the pronunciation of each letter, reading should not be a problem. We have also included a transliteration of the Armenian words in the Latin alphabet to make it easier for English and French readers.

The Politics of Naming the Armenian Genocide Vartan Matiossian,2021-09-23 This book explores the genealogy of the concept of 'Medz Yeghern' ('Great Crime'), the Armenian term for the mass murder and ethnic cleansing of the Armenian ethno-religious group in the Ottoman Empire between the years 1915-1923. Widely accepted by historians as one of the classical cases of genocide in the 20th century, ascribing the right definition to the crime has been a source of contention and controversy in international politics. Vartan Matiossian here draws upon extensive research based on Armenian sources, neglected in much of the current historiography, as well as other European languages in order to trace the development of the concepts pertaining to mass killing and genocide of Armenians from the ancient to the modern periods. Beginning with an analysis of the term itself, he shows how the politics of its use evolved as Armenians struggled for international recognition of the crime after 1945, in the face of Turkish protest. Taking a combined historical, philological, literary and political perspective, the book is an insightful exploration of the politics of naming a catastrophic historical event, and the competitive nature of national collective memories.

The Heritage of Armenian Literature Agop Jack Hacikyan,Gabriel Basmajian,Edward S. Franchuk,Nourhan Ouzounian,2000 Preserving Armenia's rich literary tradition from a multitude of viewpoints has been the aim of this three-volume work. This third volume joins the previous two in making excerpts of Armenian masterpieces accessible in beautifully rendered English translations, while enabling readers to enjoy the immediacy of these works

through lively discussions of the authors and their times. Here the focus is on the eighteenth through twentieth centuries. The volume begins with a comprehensive overview of the entire historical, social, and literary panorama of the periods covered: the Armenian Renaissance, the development of modern Armenian (with its Western and Eastern versions), the emergence of a national identity and democratic thinking (with their impact on literature and theater), and such literary schools as Romanticism, Realism, and Aestheticism. Biographies of more than 130 prominent authors appear in these pages, together with critical comments concerning their works and extensive excerpts from the works themselves. The texts are edited, annotated with footnotes, and presented in a format that permits easy comprehension. Literature unveils a rich pageant of works in historical perspective. The varied experiences from the Armenian past come alive, allowing for new understandings and comparisons to literatures of other nations.
