Julia Schneider

Our Schools and Colleges, 1872 ... By F. S. de Carteret-Bisson ,1872

The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Multiple Career Choices Devajit Bhuyan,2004-12 Choosing the right career is critical to success in one's life. Overload of information on Internet only serves to confuse an already confused mind. This book provides information about jobs and educational openings for 10+2, graduates and post graduates in technical, professional, science, commerce and arts faculty. Questionnaire helps the students to gauge his interests, abilities, aptitudes and opportunities to facilitate proper selection of job or study.

Raglan John Sweetman,2010-07-30 All too many historians have dismissed FitzRoy James Henry Somerset, first Baron Raglan, as at best, an indifferent and, at worst, an incompetent on the basis of his association with the infamous Charge of the Light Brigade.Yet as this long overdue biography of a pivotal military figure of the 19th Century reveals Raglan's achievements over fifty years should not be judged on so narrow a basis. True, as Commander of the Expeditionary Force to the Crimea, he must take his share of responsibility for the hardship suffered by the men under him particularly during the winter of 1854-55 but the fact remains that Raglan never lost a battle for which he was fully responsible.Commissioned in 1804 he served under Sir Arthur Paget and the Duke of Wellington, throughout the Peninsular War losing an arm at Waterloo. He held key posts, including Military Secretary for an astonishing 25 years and Master General of the Ordnance and his influence was far reaching.Raglan is revealed in this objective study as a brave, thoughtful, caring and capable man, who found himself an easy target for critics of an outdated and inadequate military administrative system. Very personal attacks, some from official quarters, mortally wounded him and he died in June 1855, a mere seven months after being appointed a field marshal amid public acclaim.In this first full biography of Raglan, John Sweetman examines not just the man himself but the workings of an Army that was straggling to keep up with social and technological change. Readers will find this a fine expos of a man who was placed in a no-win situation through little fault of his own.John Sweetman graduated from Brasenose College Oxford (Modern History) before taking a PhD at Kings College, London. He later became Head of Defence and International Affairs at RMA Sandhurst. He is the author of numerous military works. Now retired he lives at Camberley.
