Treat Your Poker Like a Business , 2009-12 Poker star Dusty Schmidt presents his first book [■] one that stands to shake up poker in the same way Moneyball did for baseball. Schmidt offers an inspiring look at how in just five years, he went from not knowing a thing about poker to netting a seven-figure annual income. Far from a mathematical or technological genius, Schmidt says what guides him through is a fundamental understanding of business. *Treat Your Poker Like A Business* provides a foundation upon which all poker will be evaluated in the future, and will help an entire generation of poker players evolve their games into empires. A consummate grinder, Dusty Schmidt has played nearly 7 million hands of online poker over more than 10,000 hours during his five-year career. He's won over \$3 million during that period, and has never experienced a losing month. In 2007, he achieved Poker Stars' SuperNova Elite status in just eight months while playing high-stakes cash games exclusively. Schmidt posted the world's highest win rate in both 5/10 NL and 10/20 NL in both 2007 and 2008. In a four-month period between Nov. 2007 and Feb. 2008, Schmidt won in excess of \$600,000 in high-stakes cash games. He is now a highly respected instructor at Stoxpoker.com, and plays as high as 25/50 NL. As a young man, Schmidt was a top-ranked golfer. He broke two of Tiger Woods' junior records, and was the leading money winner on the Golden States Tour when, at age 23, he suffered a career-ending heart attack. Schmidt returned to golf in 2009, winning medalist honors in qualifying for the Oregon Amateur Championship. Later that year, Schmidt famously represented himself in federal court in his suit against the United States Golf Association, which controversially stripped him of his amateur status, in part due to his poker profession. Schmidt is now a volunteer assistant coach for the University of Oregon's men's golf team, working under his good friend, Head Coach Casey Martin. Schmidt is also a successful entrepreneur. He is part-owner of

Stoxpoker.com and Imagine Media, and the creator of 10thGreen.com, the first social network for golfers. His story has been featured in Sports Illustrated, Card Player, Poker News, Golf Magazine, Fairways and Greens, Golf Week, Golf World and the Portland Oregonian, as well as on ESPN, cnn.com, wallstreetjournal.com, forbes.com, fortune.com, espn.com, golfdigest.com and golf.com, among many others. He recently founded the House of Cards Project, a philanthropic effort to provide food and shelter to disadvantaged families. His life story will be told in the book [R]aise: The Impossibly True Tale of Dusty Schmidt, [R] to be released later in 2010. He lives in Portland, Ore., with his wife, Nicole, and daughter, Lennon.

**The Poker Code** Davies Guttman, 2014-06-18 Poker is serious – and big – business these days. Just take a look at the number of gaming and gambling sites offering variants on the game and the amount of media coverage and airtime it gets. It seems to be a game where you can get rich quick – but you can easily lose a considerable amount of money in a short time also; especially if you are not experienced and don't really understand what you are doing. This compilation takes a look at the history of poker and the different variations of the game that can be played for money or pleasure. It also features more serious analysis of strategies in playing and betting on poker including the mathematical and psychological aspects of a game that is highly susceptible to both of these approaches. If you are considering taking up poker as a hobby or as gambling – this is as good a starting point as any to get you up to speed on the sorts of information and knowledge you will need to

participate with even a modicum of success.

Ship It Holla Ballas! Jonathan Grotenstein, Storms Reback, 2013-01-15 Who were the Ship It Holla Ballas? Arguably the most successful poker crew of all time, they took advantage of the online poker boom to win tens of millions of dollars before most of them were old enough to set foot inside a casino. Then they did what any red-blooded teenagers with mountains of cash and no responsibilities would do: They partied like rock stars, transforming themselves from Internet nerds with zero life skills into legends, at least in their own minds. In Ship It Holla Ballas!, Jonathan Grotenstein and Storms Reback trace the rise and fall of Internet poker through the eyes of its most unlikely stars: A group of teenage college dropouts, united by social media, who bluffed their way to the top of the game.

**Internet Gambling** Sally Gainsbury,2012-03-02 Internet gambling is one of the fastest growing forms of gambling. Global Internet gambling expenditure is predicted to reach US\$33.6 billion in 2011. This is higher than worldwide movie box office revenues and represents 9% of the international gambling market. The rapid increase in expenditure of 354% since 2003 has occurred despite Internet gambling being prohibited in several key markets, including the US and China. It also suggests that current regulation may be somewhat outdated and ineffective as more and more people turn to this mode of gambling. Internet gambling is highly accessible with over 2,400 sites available 24/7 through computers, mobile phones, wireless devices and even interactive televisions. Gamblers can now play casino games, bingo, cards and poker, bet on races, sports and even celebrity weddings using over 199 means of electronic payments without leaving the house. Increasing international jurisdictions are legalizing Internet gambling and the constant accessibility of online gambling has critical social implications. Gambling operators are using aggressive advertising campaigns to move into new markets. Internet gambling appears to be particularly appealing to youth, who are gambling online at substantially higher rates than adults. Furthermore, Internet gambling appears to be related to problem gambling, with rates of problem gambling three to four times higher among Internet than non-Internet gamblers, indicating that it may have a substantial social cost. The anonymity of online sports betting poses a significant threat to the integrity of sport at all levels with increasing allegations of match-fixing and cheating. Estimates suggested that 50% of all bets on the 2010 FIFA World Cup were placed online, worth an estimated £500 million. These figures represent a 700% rise in online betting since the 2006 tournament and included many new players that opened online accounts. It is essential that appropriate responses are made by governments, industry professionals and the public in response to Internet gambling. This book will provide a comprehensive and up-to-date overview of Internet gambling, including the social impact and regulatory options. A global outline will include the characteristics and features of the many forms of Internet gambling, including the current market, and participation, and differences between Internet and non-Internet gambling. Specific regional considerations will be explored including regulatory responses and options. Importantly, the social consequences and costs of Internet gambling will be examined, including the impact of online gambling on sports, youth and problem gambling. Strategies for prevention and responsible gambling will be considered as well as expected trends.
