1000 Best Short Games of Chess Irving

Chernev, 2013-02 Perhaps if you owned one of the
four or five great chess libraries of the world,
you could, by diligent search, find most or all of
these delectable nuggets. But who has either the
time or the assets. So, Mr. Chernev, who has both,
has provided us here with 1000 of the sweetest
sugar-coated pills in all chess literature. Each
introduced with a brief, pungent or witty
commentary. Chess brevities have always exercised
a special attraction for lovers of the royal game.
It may be well that we welcome the punishment
inexorably meted out for some trifling slip. Maybe
it's out inherent sadism that makes us enjoy the

spectacle of speedy punishment doled out to someone else, just as a fight fan thrills to a one-round knockout. Perhaps it's only our inherent laziness after all, to play over a brevity, one often need not bother to set up the pieces. Be that as it may, its popularity is universal. And here are the best of them, gathered together in one volume, for your pleasure and enjoyment. Many of us know instances galore of beginners becoming a cropper after only a few moves through the scholar's mate or some other absurdity not necessarily so primitive. Yet it would be quite wrong to assume that only duffers suffer the ignominy of a speedy knockout. The victim may well be a famous master, as you will discover to your surprise, delight and, most of all, your deep, deep satisfaction. After all, if Morphy can be mated in 12 moves, Capablanca defeated in 13, and Lasker blitzed in 14, who are we to hide our heads in shame?
