A Playful Path Bernard De Koven, 2013-12-18 A Playful Path, the new book by games guru and fun theorist Bernard De Koven, serves as a collection of ideas and tools to help us bring our playfulness back into the open. **Funny Bones** Lisa Bany-Winters, 2002-06 Provides information on how to be funny, including ideas about comedic styles and routines, how to use props, developing a distinctive character, using music, improvisational techniques, as well as the history of comedy and some well-known people in the field.

**Preschool Gems** Leslie McCollom, 2012-08-07 When preschool teacher Leslie McCollom created the Preschool Gems Twitter feed, it was because precious jewels were slipping through her fingers every day. Jewels like, My mom lived in the 90's, "I'm feeling poisonous, baby kitty," and "OK, but I'm still a dragon." Although she swore she'd remember these gems forever, in five minutes they would

vanish, never to be heard by human ears again. So she became a covert anthropologist in the underground world of children, and started carefully cataloging them, and has been gracing the Twittiverse with her findings ever since—such as: “When I went to the chainsaw store I saw someone with REAL bubble gum.” “There’s a wolf in my tummy and a porcupine in my bum.” I don’t care about time outs. I only care about my life. Who are me?” “I love David Bowie. I’m going to marry David Bowie.” Preschool Gems is a collection of the most bizarre, hilarious, jaw-dropping things overheard at Leslie’s school. By turns sweet, sinister, and naively sincere, these treasures prove that kids are really just miniature people who are weirder and a lot less inhibited than their adult counterparts.

Fun, Taste & Games John Sharp,L. David Thomas,2019 Reclaiming fun as a meaningful concept for understanding games and play. Fun is somewhat ambiguous. If something is fun, is it pleasant Entertaining Silly A way to trick students into learning Fun also has baggage--it seems inconsequential, embarrassing, child's play. In *Fun, Taste, & Games* , John Sharp and David Thomas reclaim fun as a productive and meaningful tool for understanding and appreciating play and games. They position fun at the heart of the aesthetics of games. As beauty was to art, they argue, fun is to play and games--the aesthetic goal that we measure our experiences and interpretations against. Sharp and Thomas use this fun-centered aesthetic framework to explore a range of games and game issues--from workplace bingo to *Meow Wolf*, from basketball to *Myst* , from the consumer marketplace to Marcel Duchamp. They begin by outlining three elements for understanding the drive, creation, and experience of fun: set-outsideness, ludic forms, and ambiguity. Moving from theory to practice and back again, they explore the complicated relationships among the titular fun, taste, and games. They consider, among other things, the dismissal of fun by game journalists and designers; the seminal but underinfluential game *Myst*, and how tastes change over time; the shattering of the gamer community in Gamergate; and an aesthetics of play that goes beyond games.

*All Fun And Games Until Somebody Loses An Eye* Christopher Brookmyre,2011-06-16 As a teenager Jane Bell had dreamt of playing in the casinos of Monte Carlo in the company of James Bond, but in her punk phase she'd got herself pregnant and by the time she reaches forty-six she's a

grandmother, her dreams as dry as the dust her Dyson sucks up from her hall carpet every day. Then her son Ross, a researcher working for an arms manufacturer in Switzerland, is forced to disappear before some characters cut from the same cloth as Blofeld persuade him to part with the secrets of his research. But they are not the only ones desperate to locate him. A team of security experts is hired by Ross's firm: headed by the enigmatic Bett, his staff have little in common apart from total professionalism and a thorough disregard for the law. Bett believes the key to Ross's whereabouts is his mother, and in one respect he is right, but even he is taken aback by the verve underlying her determination to secure her son's safety as she learns the black arts of quiet subterfuge and violent attack. The teenage dreams of fast cars, high-tech firepower and extreme action had always promised to be fun and games, but in real life it's likely someone is going to lose an eye ... **The Hunger But Mainly Death Games** Bratniss Everclean, 2011 Mockstrich season has begun. Welcome to The Hunger But Mainly Death Games, the hilarious Hunger Games parody, and the only book brave enough to suggest that Suzanne Collins's epic trilogy was way more about death than food. Or at least this is what Bratniss Everclean discovers, when she leaves the comforts of Slum 12, Pandumb's garbage dump, to shortsightedly volunteer for a teenage death tournament. But she soon realizes there are fates worse than death...like weirdly having to date her fellow competitor, and lifelong stalker, Pita Malarkey. Okay, okay, it's not worse than DEATH, but it's still pretty annoying. Still, with help from her agent Oofie Triptrip and her mentor, Hagridmitch, who's pretty sure he can guide Bratniss to victory in the Tri-Wizard Cup, maybe Bratniss will somehow survive this book that she's the narrator of.

**The Material Image** Brigitte Peucker, 2007 Focusing on intermediality, *The Material Image* situates film within questions of representation familiar from the other arts: What is meant by figuring the real? How is the real suggested by visual metaphors, and what is its relation to illusion? How is the spectator figured as entering the text, and how does the image enter our world? The film's spectator is integral to these concerns. Cognitive and phenomenological approaches to perception alike claim that spectatorial affect is real even when it is film that produces it. Central to the staging of intermediality in film, tableaux moments in film also figure prominently in the book. Films by Scorsese, Greenaway, Wenders, and Kubrick are seen to address painterly, photographic, and digital images in relation to effects of the real. Hitchcock's films are examined with regard to modernist and realist effects in painting. Chapters on Fassbinder and Haneke analyze the significance of tableau for the body in pain, while a final chapter on horror film explores the literalism of psychopathic tableau. Here, too, art and the body—images and the real—are juxtaposed and entwined in a set of relations.
