Thar's Joy in Braveland Saul Wisnia,Joe Wanch,Joe Wanch,Joe Wanch,Bob Buege,Chip Greene,John Vorperian,Michael J Bielawa,Mel Marmer,Rory Costello,2014-04-07 You talk about destiny, well, you can't rule that out. We were hard-nosed and that showed up in 1957. -- Braves catcher Del Crandall to editor Gregory H. Wolf Few teams in baseball history have captured the hearts of their fans like the Milwaukee Braves of the 1950s. During the Braves' 13-year tenure in Milwaukee (1953-1965), they had a winning record every season, won two consecutive NL pennants (1957 and 1958), lost two more in the final week of the season (1956 and 1959), and set big-league attendance records along the way. This book celebrates the Milwaukee Braves' historic 1957 World Series championship season. Led by the bats of National League Most Valuable Player Henry Aaron and slugging third baseman Eddie Mathews and the Big Three pitching trio (Cy Young Award winner Warren Spahn, Lew Burdette, and Bob Feller) the Braves won 95 games. The team enjoyed standout seasons by shortstop Johnny Logan, outfielder Wes Covington, and catcher Del Crandall And GM John Quinn pulled off the biggest trade of the summer, acquiring All-Star second baseman Red Schoendienst from the New York Giants. The Braves cemented their place in history by defeating the New York Yankees in the World Series. In one of the greatest performances in the history of the fall classic, crafty Lew Burdette tossed his second consecutive shutout (and third complete game) to defeat the Bronx Bombers in Game Seven, in Yankee Stadium. A collaborative effort of 32 members of the Society for American Baseball Research (SABR), Thar's Joy in Braveland! The 1957 Milwaukee Braves portrays that memorable team with life stories of all of the roster players, the manager and coaching staff, the owner, the general manager, and sportswriters and radio announcers. Summaries of the regular season and World Series re-create the magic of that unforgettable season. Flawed System/Flawed Self Ofer Sharone,2013-10-16 Today 4.7 million Americans have been unemployed for more than six months. In France more than ten percent of the working population is without work. In Israel it's above seven percent. And in Greece and Spain, that number approaches thirty percent. Across the developed world, the experience of unemployment has become frighteningly common—and so are the seemingly endless tactics that job seekers employ in their quest for new work. Flawed System/Flawed Self delves beneath these staggering numbers to explore the world of job searching and unemployment across class and nation. Through in-depth interviews and observations at job-search support organizations, Ofer Sharone reveals how different labor-market institutions give rise to job-search games like Israel's résumé-based "spec games"—which are focused on presenting one's skills to fit the job—and the "chemistry games" more common in the United States in which job seekers concentrate on presenting the person behind the résumé. By closely examining the specific day-to-day activities and strategies of searching for a job, Sharone develops a theory of the mechanisms that connect objective social structures and subjective experiences in this challenging environment and shows how these different structures can lead to very different experiences of unemployment.

Bears vs. Cardinals Joe Ziemba,2022-08-31 In their early years, the Chicago Bears and the Chicago Cardinals-- the two oldest teams in the National Football League --travelled the country with only rare mention in the newspapers. Both teams later saw their official records destroyed by fire. Most of what is now known about those initial seasons is based on often inaccurate statements made many years later. Reconstructing their missing history, this book draws on newly available resources to document the battles and brawls on and off the field, the cunning backroom deals, the financial woes and the 40-year rivalry that endured while both teams were in Chicago. Figures like Al Capone, Red Grange, Jim Thorpe and Bronko Nagurski make appearances in the lore of two old adversaries whose uneasy alliance helped ensure the survival of the fledgling NFL.

The Protein Boost Diet Ridha Arem,2013-01-08 Could your thyroid be making you fat? Do you have a hard time losing weight? If your thyroid and metabolism are slow, you can't lose weight simply by cutting back on what you eat. And if you're overweight—whether you suffer from a thyroid problem or not—your hormones are most likely out of whack and are keeping you from losing those extra pounds. World-renowned endocrinologist Dr. Ridha Arem has treated hundreds of patients successfully for hormone-related weight problems—and almost every weight problem has an accompanying hormone problem. Now for the first time in The Thyroid Solution Diet, Dr. Arem makes his comprehensive hormone-balancing nutrition and weight-loss plan available to the public. With it, you will restore your health and feel better—mentally and physically—as you get slimmer. Dr. Arem perfected his unique diet after extensive research, modifying the Mediterranean Diet so that his plan is higher in protein, higher in fiber, and also low-glycemic. This way your meals are both satisfying and filling. Specific combinations of proteins and essential supplements at each meal rev your metabolism and reverse hormonal imbalances. And you can further personalize your weight-loss plan by choosing from Dr. Arem's extensive lists of Favorite Foods and from 48 delicious recipes created especially for this book. Before you even start the diet, Dr. Arem takes you through a weeklong detox plan to rid your body of the environmental toxins that compromise your hormone functions and contribute to making you fat. You'll make his carefully formulated smoothie and also start to work with the illustrated 20/10 Exercise program—twenty minutes of aerobics and ten minutes of strength training—to generate energy and vitality. Retrain your body, ramp up your energy, sleep better, reduce stress, and—finally—lose weight and keep it off. This comprehensive mind-body health and diet plan can help you. *** From The Thyroid Solution Diet Do you want to lose weight? Have you tried diet after diet and yet the stubborn pounds remain? Regardless of why you gained weight, once you're wearing those extra pounds, your metabolism shifts gears, triggering multiple hormonal changes that perpetuate weight gain by making your body resistant to losing weight. The only way to lose weight is to rebalance your hormone systems, and the Thyroid Solution Diet is meticulously crafted to do just that. Ask yourself these questions: Are you always tired? Do you have dry skin and dry hair? Is your hair thinning? Are your hands and feet always cold? Do you have a lack of motivation or are you moody, anxious, irritable, or depressed? A thyroid imbalance could be causing any of these symptoms . . . and your weight gain, too. For decades, researchers knew that the thyroid, a butterfly-shaped gland at the front of the neck, governed metabolism, mood, body fat, brain function, and even hearing and vision. But the details on how thyroid hormones control appetite, energy, and weight weren't clear until recently. Even if you haven't been diagnosed with a thyroid condition, or your doctor has told you your blood tests are normal, you might have a subclinical thyroid imbalance, meaning your blood tests are minimally abnormal or borderline. Many doctors ignore these small abnormalities, but losing weight with a borderline low thyroid condition is extremely difficult.

Game of My Life John Halligan,John Kreiser,2006 All of the famous tales about the New York Rangers (including Lester Patrick in goal; the 1940 Stanley Cup; Rod Gilbert's first big game; Mark Messier's guaranteed win; the 1994 Cup-winning heroics of Brian Leetch and Mike Richter, and Wayne Gretzky's goodbye to the NHL) are referenced here. Stories from 24 New York hockey legends take fans inside the Rangers locker room and inside the heads of the players themselves. It is an anecdotal history of the biggest games in the history of the New York Rangers, one of the most popular teams to ever play on Broadway.

Grit and Glory Lorna Schultz Nicholson,2018-10-30 The complete story of the Edmonton Oilers--from Wayne Gretzky and the dynasty years, to Connor McDavid and the future, and everything in between. When the Edmonton Oilers joined the NHL in 1979, the team owner, Peter Pocklington, proclaimed they would win their first Stanley Cup within five years. A bold statement that turned out to be half right: they not only won the Cup in 1984, but won it four more times over the next six years, forging one of the most dominant dynasties ever. The Oilers have always been a team of determination--fast scoring, hard hitting, and creative hockey that has earned them loyal fans across North America. The team has faced adversity, both on and off the ice. As a small market team, the Oilers have struggled to compete in the NHL, but always found a way. From the biggest trade in history that saw the Great One leave for L.A., to the eleventh hour negotiations that kept the team in Edmonton with a cadre of thirty-seven passionate owners--there is no club like it. And now with super star Connor McDavid leading the roster there's never

been greater promise for the future. With forty years of NHL action to celebrate, acclaimed sports writer Lorna Schultz Nicholson takes a journey back to the Oiler's phenomenal highs and challenging lows, the larger than life characters and amazing records, to tell the remarkable story of the hardest working club in the game. Fully illustrated with rare and exciting images, and published in full partnership with the Edmonton Oilers, this is the must have book for Oilers fans, and hockey fans, everywhere.
