The Encyclopedia of AFL Footballers Russell Holmesby, Jim Main, 2004 Every Essendon player who has played for the club since it was admitted to the AFL is featured in this book, whether they played one game or 300. The Cardinal Sins Andrew M. Greeley, 2009-03-03 The Cardinal Sins ignited a worldwide sensation when it first appeared nearly thirty years ago. Selling more than three million copies, it launched Andrew M. Greeley's career as one of America's most popular storytellers. Back in print at last, this powerful saga of ambition, temptation, and love both spiritual and carnal is as timely and provocative as ever. Lifelong friends and occasional rivals, Kevin Brennan and Patrick Donahue enter seminary together, but their lives soon diverge dramatically. Intellectual and independent, Kevin achieves success as a scholar but often finds himself at odds with his superiors in the Church. And his unwavering principles threaten to cut him off from those closest to him—including the former sweetheart he has never forgotten. By contrast, the ambitious Patrick rises steadily through the Church hierarchy, only to fall prey to the temptations of lust and power. As hidden scandals and Patrick's inner demons threaten to destroy the lives of everyone around him, it's up to his oldest friend to save him from himself—and foil a conspiracy that could change the very future of the Papacy! Government and Governance of Security Carlos Solar, 2018-06-27 At a time when Latin America is experiencing societal unrest from human rights violations, corruption and weak institutions Government and Governance of Security offers an insightful understanding for the modern steering of crime policies. Using Chile as a case study, the book delivers an untold account of the trade-offs between political, judicial and policing institutions put in practice to confront organised crime since the country's redemocratisation. In an effort to encompass the academic fields of political science, public policy and criminology, Carlos Solar challenges the current orthodoxies for understanding security and the promotion of the rule of law in developing states. His research aptly illuminates the practicalities of present-day governance and investigates how networks of institutions are formed and sustained across time and, subsequently, how these actors deal with issues of policy consensus and cooperation. To unveil the uniqueness of this on-the-ground action, the analysis is based on an extensive revision of public documents, legislation, media accounts and interviews conducted by the author with the key policy makers and officials dealing with crimes including drug-trafficking, money laundering and human smuggling. Government and Governance of Security will be of interest to scholars of Latin American studies, security and governance and development.

No Crystal Stair Mairuth Sarsfield, 2021-11 First published in 1997, No Crystal Stair is an absorbing story of Montreal in the 1940s. Raising her three daughters alone, Marion discovers she can only find gainful employment if she passes as white. Set in Little Burgundy against the backdrop of an exciting cosmopolitan jazz scene--home of Oscar Peterson, Oliver Jones, and Rockhead's Paradise--and the tense years of World War II, No Crystal Stair is both a tender story and an indictment of Canada's soft racism. In 2005, No Crystal Stair was nominated for that year's Canada Reads and was defended by Olympic fencer Sherraine MacKay.

Through the lens of visual art, literature, film, and the author's lived experience, Out of the Sun examines Black histories in art, offering new perspectives to challenge us. In this groundbreaking, reflective, and erudite book, two-time Scotiabank Giller Prize winner and internationally bestselling author Esi Edugyan illuminates myriad varieties of Black

How Muslims Shaped the Americas Omar Mouallem, 2021-09-21 *Winner of the Wilfrid Eggleston Award for Nonfiction* *Selected as a Most Anticipated Book of Fall by The Globe and Mail and The Toronto Star* An insightful and perspective-shifting new book, from a celebrated journalist, about reclaiming identity and revealing the surprising history of the Muslim diaspora in the west—from the establishment of Canada's first mosque through to the long-lasting effects of 9/11 and the devastating Quebec City mosque shooting. "Until recently, Muslim identity was imposed on me. But I feel different about my religious heritage in the era of ISIS and Trumpism, Rohingya and Uyghur genocides, ethnonationalism and misinformation. I'm compelled to reclaim the thing that makes me a target. I've begun to examine Islam closely with an eye for how it has shaped my values, politics, and connection to my roots. No doubt, Islam has a place within me. But do I have a place within it?" Omar Mouallem grew up in a Muslim household, but always questioned the role of Islam in his life. As an adult, he used his voice to criticize what he saw as the harms of organized religion. But none of that changed the way others saw him. Now, as a father, he fears the challenges his children will no doubt face as Western nations become increasingly nativist and hostile toward their heritage. In *Praying to the West*, Mouallem explores the unknown history of Islam across the Americas, traveling to thirteen unique mosques in search of an answer to how this religion has survived and thrived so far from the place of its origin. From California to Quebec, and from Brazil to Canada's icy north, he meets the members of fascinating communities, all of whom provide different perspectives on what it means to be Muslim. Along this journey he comes to understand that Islam has played a fascinating role in how the Americas were shaped—from industrialization to the changing winds of politics. And he also discovers that there may be a place for Islam in his own life, particularly as a father, even if he will never be a true believer. Original, insightful, and beautifully told, *Praying to the West* reveals a secret history of home and the struggle for belonging taking place in towns and cities across the Americas, and points to a better, more inclusive future for everyone.

The Sixth Station Linda Stasi, 2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Apocalypse Jacques Ellul, 2020-05-05 "There has never been a book provoking more delirium, foolishness and irrational movements, without any relationship to Jesus Christ [than the Book of Revelation]." —Jacques Ellul, Introduction Known for his trenchant critique of modernity and of those Christians who celebrate their captivity to it, Ellul here cuts to the heart of the theological intention of the Book of Revelation, and thereby reveals the liberating gospel in all its offensiveness. Neither an exhaustive commentary nor a work of historical-exegetical analysis, *Apocalypse* is a provocative, independent interpretation. Ellul seeks to rescue Revelation from the reassuring and orthodox banality to which commentators often reduce it. The goal is to perceive the totality of the book in its movement and structure. "Architecture in movement" is the key to understanding Revelation's puzzling but simple message. This edition also comes with a new foreword by Jacob Marques Rollison who provides an essential aid for guiding readers through Ellul's thorough engagement with Revelation.

Hans Van Der Meer: European Fields Hans van der Meer, 2014 At the beginning of the 1995 football season, Hans van der Meer set out to take a series of football photographs that avoided the clichéd traditions of modern sports photography. In an attempt to record the game in its original form—a field, two goals and 22 players—he sought matches at the bottom end of the amateur leagues, the opposite end of the scale to the Champions' League. And he avoided the enclosed environment of the stadium and tight telescopic details and hyperbole of action photography. Preferring neutral lighting, framing and camera angles, he chose instead to pull back from the central subject of the pitch, locating the playing field and its unfolding action within a specific landscape and context. He was heavily influenced by the old tradition of photography in which a wide view of the action often resulted in elements of the locality being present in the image. Van der Meer began by focusing on sites within the Netherlands and in 1998 he published *Dutch Fields*, followed by a DVD, *Flemish Fields*, in 2000. His European odyssey has since taken him from small towns in the remote regions of Europe—from Biharia in Romania to Björkö in Sweden, from Torp in Norway to Alcsóörs in Hungary, from Bartkowo in Poland to Beire in Portugal—and to the fringes of the major conurbations of Greece, Finland, England, France, Germany, Scotland, Switzerland, Holland, Slovakia, Denmark, Ireland, Wales, the Czech Republic, Belgium, Spain and Italy. These acute and subtle observations of the poetry and absurdity of human behavior connect the game of football to the basic futility of the human condition. The small tragicomedies are dwarfed by the serenity and permanence of the natural or manmade world that surrounds them but in their pathos can be found the original passion and humanity of the game.
