101 Interactive Classroom Teaching Activities Ishwar Singh & Rahul Pawar,2023-08-03 Interactive classroom teaching activities are educational techniques that encourage active participation and engagement from students during classroom instruction. These activities can take many forms, such as group discussions, peer-to-peer learning, hands-on experiments, simulations, and games. They are designed to facilitate a collaborative learning environment where students can share ideas, ask questions, and work together to solve problems. Interactive classroom teaching activities are important because they provide students with opportunities to develop critical thinking skills, communication skills, and teamwork skills. They also help to keep students engaged and motivated, which can lead to better retention of information and improved academic performance.
