Nicolae Sfetcu

Video Poker for the Intelligent Beginner Bob Dancer, 2009-06 Bob Dancer's real-life video poker successes are legendary, but he's also a world-class teacher. Now, after years of creating the industry standards in video poker reports, strategy cards, and software, Dancer has brought the best book on the subject. Video Poker for the Intelligent Beginner is a how-to-win blueprint for players seeking the fast track to the upper levels of this beatable game. First, you'll master the techniques for finding and identifying the highest-returning games; then you'll learn how to generate, understand, and implement the computer-perfect strategies that yield the ultimate goal: monetary profit Dancer also offers his professional insight regarding the game's many nuances and related considerations-including in-depth coverage of slot clubs, casino promotions, progressives, team play, scouting, and tournaments. PLUS, this is the first book to explain in detail how his powerful Video Poker for Winners software can be employed to solve previously unanswered questions about bankroll needs, promotions analysis, and profit potential.

Winning in Tough Hold 'em Games Nick Grudzien, Geoff Herzog, 2007-04 The recent boom of Texas hold 'em has forever changed the way the game is played. Many more people know how to play this game well. Even the loose players who come to gamble have become far more aggressive, making them more difficult to play against. So a basic tight and patient strategy will no longer guarantee that you can make a significant amount of money in games at the higher stakes. This is especially true short-handed, which have become increasingly popular in the online poker rooms. This text is the first to tackle the complex issues presented when playing short-handed and high-stakes limit hold 'em. But even if you happen to only play in softer games, many of the key concepts presented will still help you against the other good players in your game. *Winning in Tough Hold 'em Games* includes an examination of pre-flop play, covering issues at a depth of sophistication which have never appeared in print before including discussions of blind stealing, re-stealing, isolating a loose player, big blind and small blind defense, and blind versus blind play. Also covered are thorough sections on playing heads-up post flop and semi-bluffing. In addition, over 50 hands, taken from high stakes online games which were played by Stoxtrader, are presented along with appropriate discussion of the strategy involved. Book jacket.

Winning Blue-Collar Hold'em Daniel L. Cox, 2009-04 A comprehensive book on low-stakes poker strategy . It covers the key strategies of Premium Starting Hands, Position, Odds and Probabilities for both Limit and No-limit Texas Hold'em, covering both ring cash/games and low buy-in tournament play

Poker & Pop Culture Martin Harris, 2019-06-23 Introduced shortly after the United States declared its independence, poker's growth and development has paralleled that of America itself. As a gambling game with mass appeal, poker has been played by presidents and peasants, at kitchen tables and final tables, for matchsticks and millions. First came the hands, then came the stories – some true, some pure bluffs, and many in between. In *Poker & Pop Culture: Telling the Story of America's Favorite Card Game*, Martin Harris shares these stories while chronicling poker's progress from 19th-century steamboats and saloons to 21st-century virtual tables online, including: Poker on the Mississippi Poker in the Movies Poker in the Old West Poker on the Newsstand Poker in the Civil War Poker in Literature Poker on the Bookshelf Poker in Music Poker in the White House Poker on Television Poker During Wartime Poker on the Computer From Mark Twain to "Dogs Playing Poker" to W.C. Fields to John Wayne to A Streetcar Named Desire to the Cold War to Kenny Rogers to ESPN to Star Trek: The Next Generation and beyond, *Poker & Pop Culture* provides a comprehensive survey of cultural productions in which poker is of thematic

importance, showing how the game's portrayal in the mainstream has increased poker's relevance to American history and shaped the way we think about the game and its significance.

The Mammoth Book of Poker Paul Mendelson, 2008-05-29 The most complete guide ever to taking up poker and winning Comprehensive and easy to follow, The Mammoth Book of Poker enables even those new to the game to begin and win at home, in casinos, in tournaments and online. All aspects of poker are covered, including: Online poker Texas Hold 'Em, Omaha, Seven-Card Stud, Hi/Lo Split and all other variants No-Limit/Limit Killer online play Casino play Advanced strategies Tournament play and listings With over 500 pages, The Mammoth Book of Poker gives all you need to know to get started and win from the outset.

Gardena Poker Clubs: A High-stakes History Max Votolato, 2017 Poker capital of the world--Page [4] of cover.

Secrets The Pros Won't Tell You About Winning Hold'em Poker Sheree Bykofsky, Lou Krieger, 2006-03-01 It takes a special book to take a player to the next level, and this is that book. --Amy Calistri, Poker School Online While other highly touted books on hold'em poker offer enough tips to turn a committed beginner into a moderately successful player, none offers the strategies needed to turn an experienced player into a consistent winner--until now. This guide even goes one step further by exposing exactly what the pros don't want you to know. My only worry is that they have given away too much information. --Matt Lessinger, author of *The Book of Bluffs Revealed* within these pages are the actual techniques--equally effective for virtually all poker games--that professional gamblers use to win consistently. You'll find out how to quickly recognize and capitalize on betting patterns, how to develop a table image that pays big dividends, advanced bank management techniques, and why the cards you hold are often less important than the way you play them, plus: • Why folding more can lead to winning more • How betting limits dramatically impact the way you should play your hands • Why women have an innate edge • Telltale signs to look for when choosing a casino table • Why it's smarter to be the one who bets and not the sucker who calls Easy to understand, helpful, and fun to read. --Dave Scharf, author of *Winning at Poker* Take that next step--armed with the secrets of the pros! A popular columnist for several magazines, including *Bluff* and *Fifth Street*, the newspaper *The Nevada Sunday*, as well as the author of seven top-selling books on poker, Lou Krieger is one of gaming's biggest names. In 2000, he was dubbed one of the most influential gaming writers of the past hundred years by *Casino Journal*--an honor bestowed on only four others worldwide. Sheree Bykofsky has been the winner or first runner-up in hundreds of poker tournaments, both in casinos and online, and won a seat as a participant in the 2004 World Series of Poker. She is also a literary agent and the author of more than twenty books, as well as countless articles on a variety of subjects, which have appeared in major magazines and newspapers.

The Pursuit of Poker Success Lance Bradley, 2018-06-07 Why do some poker players become immensely successful while others fall by the wayside? What is it that separates the successes from the failures? Is there a magic formula? Over the last 12 years, Lance Bradley has been one of poker's leading journalists and now finds himself at the helm of *PocketFives.com* as President and Editor-in-Chief. During his time covering the poker world, Bradley has interviewed hundreds, if not thousands, of the world's best players. This experience has revealed one fascinating trend; contrary to what might be expected, there is no single guaranteed path to success. Each and every poker player featured in *The Pursuit of Poker Success* has taken their own route to becoming one of the

world's best players. The players interviewed for this book include World Series of Poker bracelet winners, World Poker Tour champions, online poker wizards and some of the best cash game players on the planet. Bradley spoke to each player about the way in which they found success in a game that can be humbling for so many. What worked for them can work for you.

77 Ways to Get the Edge at Casino Poker Fred Renzey, 1998-07 Fred Renzey is a high-stakes, expert poker player. On a daily basis he faces -- and beats -- some of the best players in the States in fierce poker room competition. Now for the first time, Renzey offers his perceptive insights on how to play winning poker. If you are a serious poker player who is determined to improve your game, this is the book for you! Renzey covers the four most popular casino poker games: Seven Card Stud, Texas Hold'em, Omaha Hi-Lo Split (8 or better) and Seven Stud Hi-Lo Split (8 or better) from two perspectives -- the theoretical best play of the hand and its practical application. His wealth of personal and practical experience will show you exactly what a winning poker player needs to know to conquer real-world opponents whose weaknesses and strengths must be reckoned with. This book deals with universal poker concepts, effective strategies for each game and 77 fully illustrated 'situations' that, when understood and played correctly, can make you one of the toughest players in the game.

The Rules of Neighborhood Poker According to Hoyle Stewart Wolpin, 1990 Here's a chance to learn the 200 real rules of poker, including descriptions of the characters, the right food (pizza, cold cuts) and the wrong food to serve; betting strategies that keep the player from losing too early; dealing, talking; and the dos and don'ts of a minimal standard of behavior.

Powerful Profits From Tournament Poker Victor H Royer, 2014-05-27 Adapt Your Poker Strategy For Tournaments—And Reap The Rewards! When novices won the World Series of Poker in 2003 and 2004, the word was out: you didn't have to be a pro to take the big prizes from even the toughest poker tournaments. Casinos across the world pulled out slots and put in tables, and thousands of new tournaments have sprang up almost overnight on the Internet. Victor H. Royer, world-renowned gambling columnist and author, can get your tournament game where it needs to be—whether you're an average player in a card room or a novice in front of your computer. Royer shows how the smart players learn to adapt their strategies to beat those who are still using older methods. Updated with the latest information, this book will teach you how to: Bring your game up to tournament levels Avoid common pitfalls of poker tournaments Compete at poker tournament speeds Find the best online tournaments and satellites Play all forms of tournament poker, including H.O.R.S.E., Badugi, and Big O If you're ready to step up to the tournament level, Powerful Profits from Tournament Poker is ready to take you there?and to show you how to win! 134,500 Words

How to Play Winning Poker Avery Cardoza, 1993 Completely updated and broadly expanded version of this classic-more than 250,000 copies sold-includes new major coverage on tournaments, limit and no-limit hold'em, Omaha games, the major mixed games played today, plus strategies and advice on playing poker on the internet. Players learn the basics of tournament play and the strategies that will allow them to beat little tournaments and to compete for million-dollar prizes in major events. More than 50 new pages are dedicated to strategies for beating today's hottest game-Texas hold'em.

How to Win 21 & Poker, Dice, Races, Roulette Mike Goodman, 2016-11-11 THE ONE IMPORTANT THING TO KNOW ABOUT GAMBLING is that there is no guaranteed way to win all the time. But there is a guaranteed way to lose constantly, and that is when you don't understand the basic rules of playing and betting. It is appalling how many people, even big-money gamblers, lose consistently and don't know why. There are only two types of gamblers-

those who really know the game and suckers. Mike Goodman, a veteran professional gambler, gives you an amazing, easy-to-understand insight on how to gamble and win. HORSE RACING...watch those second favorites; let the suckers play the favorites, they're usually overplayed! DICE...you're a sucker if you don't take advantage of the odds, but the real pay-off comes when you know how to bet! SLOTS...there's only one way to beat those "one-arm bandits," but, unfortunately, it's against the law! ROULETTE...it's tough to beat the house percentage, but there are ways to lose less, keep you in the game, and then, who knows? BLACKJACK "21"...here's a game you can win at consistently if you learn the tricks and how to put "lady luck" on your side! POKER...you get real help here; tips that'll open your eyes, make you play a better game and win! This book gives solid advice on how you can become a tough player and helps tilt the odds more in your direction. I'm just plain sick of "experts" who promise the moon but peddle virtually worthless advice. Somewhere in their pitch you're told that they're not multi-millionaires because they are not allowed in gambling casinos and I challenge any one of them to use this system at "craps", "21" or roulette at my casino. If they haven't got the guts to back up their system with hard cash, I challenge them to meet me face to face in public to debate any phase of gambling on which they claim to be an authority. Mike Goodman

The Complete Book of Casino Poker Gary Carson,2004 Gary Carson's selective aggression technique will transform you from a casual player to a smarter and more dynamic opponent who knows how to bet and raise for maximum benefit. Master this strategy, and you'll force other players to make tough decisions, increase their chances of making a mistake, and profit handsomely when they do. Whether your game of choice is Hold'em, Seven Card Stud, Omaha, or Omaha hi/lo split, The Complete Book of Casino Poker reveals the strategic concepts that every pro needs to master--position, aggression, draws, and tells. You'll learn: - How to select the right game in the right room - Why position is the key to power and information - How selective aggression varies from game to game - Why slow-playing a big hand can be a costly mistake - And much, much more - More than 50 million Americans play poker, and over one million people per week watch the World Poker Tour on The Travel Channel.

More Hold'em Wisdom for all Players Daniel Negreanu, More Hold'em Wisdom for All Players will help you refine your hold'em game. Built on 50 concepts and strategies covered in his first book, Hold'em Wisdom for All Players, Daniel Negreanu offers 50 new and powerful tips to help you win money at hold'em cash and tournament games! If you love playing poker, you owe it to yourself to explore new ideas, learn more way to polish your skills, and get the most enjoyment you can from the game. See you at the felt!

The Best Books: H, Natural science. H, Medicine and surgery. I, Arts and trades* William Swan Sonnenschein,1926

Play Poker Richard Craze,2009-10-01 Includes poker, other gambling games, social games, and solitaire games. The games are grouped into categories, and each game includes at-a-glance information on number of players, number of cards, skill level and country of origin, together with easy-to-follow instructions on the rules of play and scoring.

King of the Slots Jack Harpster,2010-05-05 This book offers the first full-length biography of the man often described as one of the most influential and innovative people in the gaming industry over the past 50 years. King of the Slots: William Si Redd relates the fascinating, only-in-America success story of one man's improbable rise from the depths of poverty to the heights of international commerce and dazzling wealth. William Silas Si Redd is recognized as one of the most important and influential persons in the gaming industry over the past half century. The company he founded, International Game Technology

(IGT), is the world leader in the manufacture of gaming equipment and gaming software features. His video poker is the most popular slot machine since the original debuted in 1899. King of the Slots covers the life (1911-2003) and rags-to-riches story of the man who changed the face of the casino gaming industry. Both a business book and a biography, it introduces readers to the nation's leading gaming centers, Apollo-era technology and how it changed gambling, and the race to perfect the first video poker game. It also gives them a chance to meet the characters with whom Redd rubbed shoulders, including Howard Hughes, Mafia capo Raymond Patriarca, Arizona cowboy and pig farmer Jimmie Hughes, gaming legend Bill Harrah, and casino visionary Jay Sarno.

Poker Games Guide - Texas Hold 'em Poker Nicolae Sfetcu, 2016-11-07 This book is an introduction to the poker game, emphasizing on the Texas Hold 'em Poker, the betting structure, poker variants, poker strategy and specific poker tournaments. The popularity of poker (mainly the no-limit Texas hold'em) reached an unprecedented peak in the 2000s. This poker boom is attributed to several factors: the invention of online poker, the television broadcast tournaments (with miniature cameras revealing the cards), the presentation of the online poker sites in television commercials, and victory in 2003 of Chris MoneyMaker at the World Series of Poker. Not only the public can now follow the actions of the tournaments on television, turning this game in the sporting spectacle, but it can also be played directly from home. The spread of tournaments such as the World Series of Poker and the World Poker Tour created a strong following among television program providers by cable or satellite. Because of the hype, professional players have become celebrities, with many fans around the world participating in tournaments in the hope of being confronted with these celebrities. Poker is played in many variations but there are three large families. They differ firstly by the way of distribution of playing cards. Cards can be shared by all players or private for each player. They can also be closed (visible only by the owner of cards) or open (visible to all). There are also differences in the game base on stakes. The winning hands can be high, low or both (high/low). In some embodiments where poker is played high and low hands, certain conditions are imposed on low hands. For example, a player's hand can not contain card over eight (eight or better), or aces can count only as high card (deuce to seven). Poker is a microcosm of all we admire and disdain about capitalism and democracy. It can be rough-hewn or polished, warm or cold, charitable and caring or hard and impersonal. It is fickle and elusive, but ultimately it is fair, and right, and just. -- Lou Krieger

The Game of Draughts Or Checkers Simplified and Explained, with Practical Diagrams and Illustrations, Containing the Eighteen Standard Games, with Over Two Hundred of the Best Variations, Selected from the Various Authors, Together with Many Original Ones, Never Before Published David Scattergood, 1859
