Gardener's Log Book The New York Botanical Garden,2018-02-06 This waterproof log book is the perfect place for recording your work in the garden. Use this journal throughout the seasons, from building catalog wish lists early in the year, to noting the first signs of spring, to recording what vegetable crops you planted and their yield, to organizing yourself for bulb planting in fall, to, finally, putting the garden to bed for the winter. A five year grid at the beginning of each month offers space to note annual garden cycles over time, and journal entry pages are lined for notes or graphed for diagramming plantings. Whether you tend a window box, a cutting garden, or many raised vegetable beds, this is the perfect write-in companion to your gardening. This weatherproof five-year log book includes the following features: -Sturdy waterproof cover to protect pages from rain and muddy soil -Lined pages and gridded paper for plotting beds -Five years of 12-month bloom and harvest grids for recording what you planted and when -Authoritative appendices on composting, pruning, pest and disease control, and container gardening -Useful reminders by season on fertilizing, mulching, and transplanting -Space for listing your favorite sources and suppliers.

The Garden Journal, Planner and Log Book Joy Kieffer,2015-11-28 For the gardener who wants to enjoy the benefits of gardening, without the frustrations. FOR THE COST OF ONE SIMPLE GARDEN TOOL, you can OWN THE MOST VALUABLE GARDEN TOOL OF ALL; one that will save you hundreds and perhaps thousands of dollars in mistakes. Even more valuable than your favorite garden trowel or spade is a written record of what works in your garden. WHILE GARDENING BOOKS AND THE INTERNET ARE FULL OF GREAT ADVICE, THEY CAN'T REPLACE PERSONAL EXPERIENCE. Your garden is in your micro-climate, with your soil. Perennials in one part of the country aren't perennials in another. There are simply too many plants and too many variables for anyone to remember from year to year what worked where and what didn't and why. You need to remember WHAT WORKS FOR YOU-IN YOUR GARDEN. Every gardener faces repeat attacks of pests or disease and needs to remember which treatment worked and which did more harm than good. Every gardener has weeded out emerging perennials, forgetting what they planted where. Every gardener needs a memory! THE GARDEN JOURNAL, PLANNER & LOG BOOK is a book of garden forms with the flexibility needed to personalize your style of record keeping. With this one book you can track your purchases from store to harvest to propagation, and never waste money and labor again. What really makes the difference between a great and a mediocre garden is how well the gardener keeps track of all the information needed to enhance success and avoid repeated failures. GARDENING IS AN ART, BUT IT'S ALSO A SCIENCE. THE GARDEN JOURNAL , PLANNER & LOG BOOK is designed to make record-keeping simple and easy. Every form is designed to include all the pertinent information needed, while minimizing the amount of time required to record that information. Just on the individual plant pages alone, there are over fifty possible check boxes for each plant. Use as many or as few as you desire, and record as much or as little as you wish in the spaces for other information. * Fill out log pages for annuals, biennials and perennials, with the location of each plant * Keep track of the lifecycle of all your flowers, herbs, vines, etc. on log pages. * Fill in the times to prune, trim and tidy which plants by season, depending on your area. * Make a plan for up to four years on the planning pages. * Draw out garden plots for twenty beds on graph paper with notes on the pages opposite. * Keep records of hardscaping, weather, formulas, pests and diseases, cultivation and propagation, bloom and harvest times, flowers, bulbs, fruit, vegetables, herbs, vines, shrubs and trees. * Keep a diary for all the things you simply must write out using sentences or drawings, because as much as gardening is a science, it is an art above all. YOUR GARDEN WILL LOOK LIKE ART; but you will know thatTHE GARDEN JOURNAL, PLANNER & LOG BOOK is the science behind your success. Author's note: The book binding is hinged on the 11 top edge, to open like a calendar. Due to the fact that the printing company does not have in place protocols to handle an 11 landscape spine layout, the result is an incorrectly rotated image on the sales page.
