The Song in my Heart Tracey Richardson,2015-04-20 Fame and money rained down on Dess Hampton like a monsoon. She couldn't imagine needing more—until her golden voice was silenced. Now her quiet days are filled with her guitar and she savors every sunrise. Curious, and as a favor to a friend, she emerges to hear a rumored superstar in the making. Music pours out of Erika Alvarez through her voice and her fingertips. She's awed that the reclusive Dess Hampton wants to hear her sing, and then blown away when Dess agrees to sit in for a few gigs. Dess can tell that Erika is destined for the life that she once had and wants no part of, ever again. But can the magic of the music they make together, and the growing love between them, trump Erika's ambition and Dess's fears? How much are they willing to sacrifice for it—and for each other?

Unspooled Rob Drew,2023-12-11 Well into the new millennium, the analog cassette tape continues to claw its way back from obsolescence. New cassette labels emerge from hipster enclaves while the cassette's likeness pops up on T-shirts, coffee mugs, belt buckles, and cell phone cases. In *Unspooled*, Rob Drew traces how a lowly, hissy format that began life in office dictation machines and cheap portable players came to be regarded as a token of intimate expression through music and a source of cultural capital. Drawing on sources ranging from obscure music zines to transcripts of Congressional hearings, Drew examines a moment in the early 1980s when music industry representatives argued that the cassette encouraged piracy. At the same time, 1980s indie rock culture used the cassette as a symbol to define itself as an outsider community. Indie's love affair with the cassette culminated in the mixtape, which advanced indie's image as a gift economy. By telling the cassette's long and winding history, Drew demonstrates that sharing cassettes became an acceptable and meaningful mode of communication that initiated rituals of independent music recording, re-recording, and gifting.

Musicophilia Oliver Sacks,2010-02-05 What goes on in human beings when they make or listen to music? What is it about music, what gives it such peculiar power over us, power delectable and beneficent for the most part, but also capable of uncontrollable and sometimes destructive force? Music has no concepts, it lacks images; it has no power of representation, it has no relation to the world. And yet it is evident in all of us—we tap our feet, we keep time, hum, sing, conduct music, mirror the melodic contours and feelings of what we hear in our movements and expressions. In this book, Oliver Sacks explores the power music wields over us—a power that sometimes we control and at other times don't. He explores, in his inimitable fashion, how it can provide access to otherwise unreachable emotional states, how it can revivify neurological avenues that have been frozen, evoke memories of earlier, lost events or states or bring those with neurological disorders back to a time when the world was much richer. This is a book that explores, like no other, the myriad dimensions of our experience of and with music.
