Ghostscape Joe Layburn, 2010-08-19 When Aisha comes across a pale, skinny boy called Richard in the school washrooms, of all places, she is as surprised to meet a 1940s boy as he is to see a black girl wearing a headscarf. Aisha is transported back sixty years to the time of the Blitz, when her school was a sanctuary for East Enders fleeing the bombing. But Richard becomes more than just a friendly ghost; he helps Aisha confront her difficulties at home with her mother, where she is torn between two cultures, and at school where a tough schoolmate is determined to give her a hard time. Finally, Aisha decides to find out the history of her area during the Blitz, and what she discovers makes her realise that she must warn Richard about what is going to happen - but how...? Doing Ethnography in the Wake of the Displacement of Transnational Sex Workers in Yokohama Ayaka Yoshimizu, 2021-11-23 *Doing Ethnography in the Wake of the Displacement of Transnational Sex Workers in Yokohama* reflects on the politics, poetics, and ethics of remembering the lives of transnational migrant sex workers in postcolonial Japan. Drawing on ethnographic fieldwork in the port city of Yokohama, the book focuses on the “water trade” in the Koganecho neighbourhood where exploitative and stigmatised labour took place, involving sexual services performed by migrant women. In recent years the city has sought to rebrand Koganecho, evicting transnational migrant sex workers who had been integral to postindustrial development and erasing their past presence. The author explores Yokohama’s memoryscapes in the aftermath of displacement through embodied knowledge, engaging her senses and ethics as a colonizer-researcher as she navigates the elusive past through traces that remain in the present. She examines the city’s built

environment, official historical narratives, films, and photographic works. With few brothels and workers remaining, Yoshimizu fills the gap with her own interactions, encounters, and imaginings. Yoshimizu also writes through the imagery of water in ways that are informed by the local usage and imaginations—the ocean, flowing rivers, swamps, humidity, alcohol, the fluidity of relationships, and transient lives. The water also offers a way to sense the “ghost”, or the displaced lives and the effects of displacement, that, like humid air, stick to those who occupy or inhabit the site of displacement today. This interdisciplinary work makes a valuable contribution to sensory studies, memory studies, migration studies, and Asian studies.

Redefining the Real Margaret-Anne Hutton, 2009 What is 'the literary fantastic' and how does it manifest itself in the texts of French and francophone women writers publishing at the close of the twentieth and start of the twenty-first century? What do we mean today when we talk of 'the real' and 'realism'? These are just some of the questions addressed by the papers in this volume which derive from a conference entitled 'The Fantastic in Contemporary Women's Writing in French' held in London in September 2007. This book sets out to refocus through a non-realist lens on the works of high-profile authors (Darrieussecq, Nothomb, Germain, Cixous and NDiaye) and some of their less highly publicised contemporaries. It analyses and mobilises a wide range of both gendered and non-gendered practices and theories of 'the contemporary fantastic' whilst critically interrogating both of the latter terms and their inter-relation.

in urban spaces through anthropological, geographical and ethnographic insights.

Cosmic Order and Cultural Astronomy Rana

Singh, 2009-10-02 Throughout the Indian subcontinent there are territories and areas wherein culture, geography, and the archetypal cosmos interact with each other to create a sacredscape that is infused with meaning, cultural performances and transcendent power. These sacred sites possess extensive mythological associations where believed that spirit can cross between different realms. In a broad perspective such studies falls within the realm of cultural astronomy, which has two broad areas, viz. archaeoastronomy, concerned with the study of the use of astronomy and its role in ancient cultures and civilizations; and ethnoastronomy that studies the use of astronomy and its role in contemporary cultures. The seven essays in this volume deals with the critical appraisal of studying cultural astronomy and cosmic order and its implications in India, illustrated with case studies like heritagescape of Khajuraho, where stone speaks; manescape of Gaya, where manes come and bless the devotees; Deviscape of Vindhyachal, where goddess resorts; Shivascape of Kashi, where Shiva dances in making order; Shaktiscape of Kashi, that possesses the spatial ordering of goddesses; and Naturscape of Chitrakut, where mother earth blesses.

Feminist Visual Activism and the Body Basia Sliwinska, 2020-12-30 This book examines contemporary feminist visual activism(s) through the lens of embodiment(s). The contributors explore how the arts articulate and engage with the current sense of crisis and political concerns (e.g. equality, decolonisation, social justice, democracy, precarity, vulnerability), negotiated with and through the body. Drawing upon the legacy of feminist art historical critique, the book scrutinises activist strategies, practices and resilience techniques in intersectional and transnational frameworks. It interrogates how the arts enable the creation of civil and political resilience, become engaged with politics as a response to disaster capitalism and attempt to reform and improve society. The book will be of interest to scholars working in art history, visual culture, fine arts, women's studies, gender studies, feminism and cultural studies.

Incident at Big Sky Johnny France, Malcolm McConnell, 2017-03-21 Edgar Award Finalist: The "exciting" true

story of the abduction of biathlete Kari Swenson and the five-month manhunt to bring her tormentors to justice (The New York Times Book Review). Former rodeo cowboy Johnny France had been sheriff of Madison County, Montana, for three years when Kari Swenson, a Bozeman resident training for the World Biathlon Championship, went missing near Big Sky Resort in July 1984. Her friends feared that Kari had been attacked by a grizzly bear, but the truth was far scarier: She'd been kidnapped at gunpoint by father-and-son survivalists Don and Dan Nichols. The pair had been living in the wilderness off and on for years and hoped to make Kari a "mountain woman" and Dan's bride. But the plan went horribly wrong from the start, and after a deadly firefight with rescuers, the kidnappers vanished into the rugged terrain of the Spanish Peaks. As Montana's summer froze into brutal winter blizzards, SWAT teams, forest rangers, and antiterrorist units searched the backcountry but sighted the mountain men only once. Then came the call about a strange campfire on a slope above the Madison River. Sheriff France decided to go into the forest to face the fugitives—alone. The resulting showdown made him "perhaps the most famous Western sheriff since Wyatt Earp . . . a modern legend" (Chicago Tribune). Incident at Big Sky is an "amazing . . . exciting retelling of a modern crime" that made headlines around the world (The New York Times Book Review). In a voice as distinctive and compelling as the Montana landscape, France takes readers on a high-stakes adventure so bizarre and unforgettable it could only be true.

The Immaculate Invasion Bob Shacochis, 2010-06-08 "Every war brings forth one perfect book. . . . Now we have *The Immaculate Invasion*, the masterpiece of the 1994 US assault on and occupation of Haiti." —Chicago Tribune Widely celebrated upon its original publication in 1999, National Book Award winning writer Bob Shacochis's *The Immaculate Invasion* is a gritty, poetic, and revelatory look at the American intervention in Haiti. In 1994, the United States embarked on Operation Uphold Democracy, a response to the overthrow of the democratically elected Haitian government by a brutal military coup. As a reporter for Harper's, Bob Shacochis traveled to Haiti and was embedded—long before the idea became popular in Iraq—with a team of Special Forces commandos for eighteen months. He came away with tremendous insight into Haiti, the character of American fighters, and what can happen when an intervention turns into a misadventure. In *The Immaculate Invasion*, Shacochis captures the exploits and frustrations, the inner lives and heroic deeds of young Americans as they struggle to bring democracy to a country ravaged by tyranny. *The Immaculate Invasion* is required reading for anyone who wants to understand what has happened in Haiti in the past, its current state, and its future path. "An extraordinary book about

an extraordinary event . . . I felt transported to Haiti. I could hear it. I could smell it. At moments I felt moved almost to tears, only to find myself, a page or two later, laughing out loud.” —Tracy Kidder, Pulitzer Prize-winning author of *The Soul of a New Machine*

Hitchcock's Cryptonymies: Secret agents Tom

Cohen, 2005-01-01 Tom Cohen's radical exploration of Hitchcock's cinema departs from conventional approaches--psychoanalytic, feminist, political--to emphasize the dense web of signatures and markings inscribed on and around his films. Aligning Hitchcock's agenda with the philosophical and aesthetic writings of Nietzsche, Derrida, and Benjamin, Cohen's project dramatically recasts the history and meaning of cinema itself. This first volume of Hitchcock's Cryptonymies provides a singularly close reading of films such as *The Lady Vanishes*, *Spellbound*, and *North by Northwest*, exposing the often imperceptible visual and aural puns, graphic elements, and cryptograms that traverse his entire body of work. Within Hitchcock's cinema, Cohen argues, these secret agents have more than just decorative or symbolic significance; they also reflect, critique, and disrupt traditional cinematic practice, undermining ways of seeing inherited from the Enlightenment and prefiguring postmodern culture. Cohen offers an unprecedented guide to the entirety of Hitchcock's labyrinthine signature system.

Providing a comprehensive assessment of the primary issues and concepts related to this intersection of tourism and religion, this revealing book gives a balanced discussion of both the theoretical and applied subjects that destination planners, religious organizations, scholars, and tourism service providers must deal with on a daily basis. Bringing together a distinguished list of contributors, this volume takes a

global approach and incorporates substantial empirical cases from Hinduism, Islam, Judaism, Roman Catholicism, Mormonism, New Ageism, Sikhism, Buddhism, and the spiritual philosophies of East Asia. On a conceptual level, it considers, amongst other topics: contested heritage the pilgrim-tourist dichotomy secularization of pilgrimage experiences religious humanism educational aspects of religious tourism commodification of religious icons and services. A vibrant collection of essays, this outstanding book discusses many important practices, paradigms, and problems that are currently being examined and debated. It raises an array of significant and interesting questions and as such is a valuable resource for students, scholars and researchers of tourism, religion and cultural studies.
