This book is the first of a series of How To Pass OSCP books and focus on techniques used in Windows Privilege Escalation. This is a step-by-step guide that walks you through the whole process of how to escalate privilege in Windows environment using many common techniques. We start by gathering as much information about the target as possible either manually or using automated scripts. Next, we search for misconfigured services or scheduled tasks, insufficient file permission on binaries or services, vulnerable kernel, vulnerable software running with high privileges, sensitive information stored on local files, credential saved in the memory, registry settings that always elevate privileges before executing a binary, hard-coded credential contained in the application configuration files, and many more.

On the Trail of the Serpent Richard Neville, Julie Clarke, 2020-08-06 ***NOW THE SUBJECT OF THE MAJOR BBC TV SERIES *** DISCOVER THE INCREDIBLE TRUE CRIME STORY OF SERIAL KILLER, CHARLES SOBHRAJ, AND THE RACE TO BRING HIM TO JUSTICE Charles Sobhraj remains one of the world's great con men, and as a serial killer, the story of his life and capture endures as legend. Born in Vietnam to a Vietnamese mother and Indian father, Sobhraj grew up with a fluid sense of identity, moving to France before being imprisoned and stripped of his multiple nationalities. Driven to floating from country to country, continent to continent, he became the consummate con artist, stealing passports, smuggling drugs and guns across Asia, busting out of prisons and robbing wealthy associates. But as his situation grew more perilous, he turned to murder, preying on Western tourists dropping out across the 1970s hippie route, leaving a trail of dead bodies and gruesome crime scenes in his wake. First published in 1979,

but updated here to include new material, On the Trail of the Serpent draws its readers into the story of Sobhraj's life as told exclusively to journalists Richard Neville and Julie Clarke. Blurring the boundaries between true crime and novelisation, this remains the definitive book about Sobhraj - riveting tale of sex, drugs, adventure and murder.

Cut Both Ways Carrie Mesrobian,2017-02-28 A TOP 10 RAINBOW LIST BOOK William C. Morris YA Debut Award nominee Carrie Mesrobian delivers a “raw, sympathetic coming-of-age story [that] uncovers the messy, painful, yet vitally important process of self-discovery” (Booklist, starred review) when a high school senior comes to terms with his attraction to both his girlfriend and his male best friend. It took Will Caynes seventeen years to have his first kiss. He should be

ecstatic...except that it was with his best friend, Angus, while they were both drunk and stoned. Will's not gay, but he did sort of enjoy whatever it was he felt with Angus. Unsettled by his growing interest in Angus, Will avoids his friend and even starts dating a sophomore, Brandy. When he's hooking up with her, he's totally into it, so he must be straight, right? Then why does he secretly keep going back to Angus? Confusing as Will's feelings are, they're a welcome distraction from his complicated home life. His father has started drinking earlier each day when he should be working on never-ending house renovations. And his mom—divorced and living in a McMansion with her new husband—isn't much help, unless she's buying Will a bunch of stuff he doesn't need. Between the two of them, neither feels like much of a parent—which leaves Will on his own in figuring things out with his girlfriend and best friend. He loves them both, but deciding who to be with will ultimately hurt someone. Himself, probably the most.
