Joe Salsberg Gerald Tulchinsky,2013-05-28 This book follows the life and intellectual journey of Joseph Baruch Salsberg, a Polish-Jewish immigrant who became a major figure of the Ontario Left, a leading voice for human rights in the Ontario legislature, and an important journalist in the Jewish community. His life trajectory mirrored many of the most significant transformations in Canadian political and social life in the twentieth century. Award-winning historian Gerald Tulchinsky traces Salsberg’s personal and professional journey – from his entrance into Toronto’s oppressive garment industry at age 14, which led to his becoming active in emerging trade unions, to his rise through the ranks of the Communist Party of Canada and the Workers’ Unity League. Detailing Salsberg’s time as an influential Toronto alderman and member of the Ontario legislature, the book also examines his dramatic break with communism and his embrace of a new career in journalism. Tulchinsky employs historical sources not used before to explain how Salsberg’s family life and surrounding religious and social milieu influenced his evolution as a Zionist, an important labour union leader, a member of the Communist Party of Canada, and a prominent member of Toronto’s Jewish community.

Joe Quigley, Alaska Pioneer Cheryl Fair,2020-01-17 In May 1891, Joe Quigley embarked on a journey north to try his luck prospecting for gold in Alaska. Although he had been wandering across America since leaving home at 15, this would be the biggest adventure, and the biggest risk, Quigley had ever taken. A project that began as genealogical research into a family's history, this biography traces the life of a fascinating character before, during and after the great Klondike gold rush. Deeply researched, including quotes from Quigley and numerous photographs, this book is more than another tale of the Klondike Gold Rush. It is an intimate look at the inspiring life of a pioneer prospector, who witnessed the exploration and development of one of America's most harsh, beautiful and captivating landscapes.

Chinese Market Gardening in Australia and New Zealand Joanna Boileau,2017-07-27 This book offers a fresh perspective on the Chinese diaspora. It is about the mobilisation of knowledge across time and space, exploring the history of Chinese market gardening in Australia and New Zealand. It enlarges our understanding of processes of technological change and human mobility, highlighting the mobility of migrants as an essential element in the mobility and adaptation of technologies. Truly multidisciplinary, Chinese Market Gardening in Australia and New Zealand incorporates elements of economic, agricultural, social, cultural and environmental history, along with archaeology, to document how Chinese market gardeners from subtropical southern China adapted their horticultural techniques and technologies to novel environments and the demands of European consumers. It shows that they made a significant contribution to the economies of Australia and New Zealand, developing flexible strategies to cope with the vagaries of climate and changing business and social environments which were often hostile towards Asian immigrants. Chinese Market Gardening in Australia and New Zealand will appeal to students and scholars in the fields of the Chinese diaspora, in particular the history of the Chinese in Australasia; the history of technology; horticultural and garden history; and environmental history, as well as Asian studies more generally.
