Gold Rush! James Klein, 1998 This guide combines treasure hunting and

historical facts in a fun, informative way. The Secret Byron Preiss, 2016-10-05 The tale begins over three-hundred years ago, when the Fair People--the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands--fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels, are buried. The key to finding each can be found within the twelve full color paintings and verses of The Secret. Yet The Secret is much more than that. At long last, you can learn not only the whereabouts of the Fair People's treasure, but also the modern forms and hiding places of their descendants: the Toll Trolls, Maitre D'eamons, Elf Alphas, Tupperwerewolves, Freudian Sylphs, Culture Vultures, West Ghosts and other delightful creatures in the world around us. The Secret is a field guide to them all. Many armchair treasure hunt books have been published over the years, most notably Masquerade (1979) by British artist Kit Williams. Masquerade promised a jewel-encrusted golden hare to the first person to unravel the riddle that Williams cleverly hid in his art. In 1982, while everyone in Britain was still madly digging up hedgerows and pastures in search of the golden hare, The Secret: A Treasure Hunt was published in America. The previous year,

author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum. Preiss was killed in an auto accident in the summer of 2005, but the hunt for his casques continues.

Chasing gold and diamond rushes around the world, Richards worked with local miners in some of the maddest, baddest and most dangerous places on earth. The Rush Edward Dolnick, 2014-08-12 A riveting portrait of the Gold Rush, by the award-winning author of *Down the Great Unknown* and *The Forger's Spell*. In the spring of 1848, rumors began to spread that gold had been discovered in a remote spot in the Sacramento Valley. A year later, newspaper headlines declared Gold Fever! as hundreds of thousands of men and women borrowed money, quit their jobs, and allowed themselves- for the first time ever-to imagine a future of ease and splendor. In *THE RUSH*, Edward Dolnick brilliantly recounts their treacherous westward journeys by wagon and on foot, and takes us to the frenzied gold fields and the rowdy cities that sprang from nothing to jam-packed chaos. With an enthralling cast of characters and scenes of unimaginable wealth and desperate ruin, *THE RUSH* is a fascinating-and rollicking-account of the greatest treasure hunt the world has ever seen.

A resounding YES! Over \$14 trillion dollars of it! Then why is Treasure Hunting considered to be a dirty word and said in hushed tones? The Lost Treasures of Montana Peter Netzel,2018-02-24 THE LOST TREASURES OF MONTANA, Gold West Country-Vol. 2 Author, Peter Netzel The Lost Treasures of Montana is a series of books on the lost treasures that can be found in Montana, by region. The series is based on over twenty years of researching old treasure legends. This book contains details of locations of buried caches and lost treasures in Gold West Country, Montana. Counties covered in this edition of The Lost Treasures of Montana-GOLD WEST COUNTRY, Volume 2 are Broadwater County, Deer Lodge County, Jefferson County, Lewis and Clark County, Powell County, and Silver Bow County. Even though some regions have more lost treasures than others, all of The Treasure State's regions have an interesting history and intriguing stories of the characters who lived in the gold rush days of the Old West. Montana's state capitol, Helena, is located in this region. Helena was the site of one of the richest gold strikes in U.S. History, at Last Chance Gulch, in July of 1864. About 67 miles southwest of Helena, is Butte, another former boom town. Butte began as nothing more

than a group of gold mining camps back in the early 1870's. Then, silver and copper were discovered. These discoveries brought in a flood of people and new companies to Butte. By the late 1870's, a large and bustling city had been born. While silver and gold were actively mined in Butte, it was copper that truly put Butte on the map. The stories take you back to the time of the Wild West and its gold rush days. You will meet the colorful outlaw characters who stole the loot, how they did it, and where it may have ended up. Most of the stories include maps, in case you wish to search for hidden treasure yourself! Details and background of locations of buried loot and hidden caches are covered in the book. Along with the many maps included, are rich details of the colorful history that paint a vivid word portrait of the history that took place in this section of Montana in the wild, exciting days of its gold and silver rushes. Author, Peter Netzel, explains - I have been researching old treasure legends for twenty years and have been successful in pinning down the locations of most of the lost treasures in this region on topographic maps. I include these detailed maps with the stories in this series. In addition to pinpointing actual locations, I have even found a few lost treasures never before presented in books! Portions of the Gold West Country region of Montana are where the Henry Plummer Gang is alleged to have operated. There were other outlaws active in Gold West Country in the 1800's and early 1900's also. The most common and repeated crimes involved cattle rustling; horse stealing; and robbing stagecoaches, banks, and trains. During the short reign of terror by Plummer and his road agents, it is believed that they hid much of their loot. (Some sources believe it more likely that they spent it as fast as they could on whiskey, wild women, and gambling!) Several of the treasures that are claimed to have been hidden by Plummer and other

outlaws are said to lay in this region. Not all lost treasures covered in this book were the result of outlaws hiding loot. Some of the hidden caches concern lost mines and rich gold and silver ledges which were never found a second time. The purpose of this book is to look at all of these lost treasures and see if they could be real or not. Some may be doubtful, and some accounts seem to hold water. It is up to you, the reader, to come to your own conclusions. No matter what you decide, you will find the history of the Montana's Gold West Country interesting and entertaining. You do not have to be a treasure hunter to enjoy this book series. In the Lost Treasures of Montana series, you will even find a few lost treasures never before presented in books!
