*Plants in the Getty's Central Garden* Jim Duggan,2003 Plants in the Getty's Central Garden is Jim Duggan's sequel to the book Robert Irwin Getty Garden, Lawrence Weschler's account of the making of the Central Garden at the Getty Center in Los Angeles. Designed by contemporary artist Robert Irwin, this sculpture in the form of a garden aspiring to be art draws thousands of visitors each year. One of the key collaborators who helped Irwin realize his vision, Jim Duggan is, in his own words, a hands-on gardener. His knowledge and experience were invaluable as Irwin selected the plants that would make up the interwoven tapestry of the Central Garden. This colorful guide brings together informative descriptions of the growing habits and characteristics of nearly four hundred individual plants, with beautiful images by noted garden photographer Becky Cohen. Duggan provides suggestions for cultivating the plants, many of which will be unfamiliar to gardeners in Southern California. Also included in the book are a foreword by Robert Irwin; three essays by Duggan tracing his involvement with the project; a map of the Central Garden; a plant location guide; and an index of scientific and common names.

Pixley,2021-10-15 Two women discover friendship, adventure, and danger in a hidden world full of lost memories and magic. Eka stays in motion since losing her family, running from one adrenaline rush to the next and away from any connection. Christelle loves her close-knit family, but longs to spread her wings and explore the world away from their protectiveness. When an accident leaves Eka at Christelle's doorstep, memories of magic, hidden within our everyday world, come flooding back to both of them. As they find themselves awakened to this new world, they also find that no one around them is aware of anything unusual, leaving them to navigate this reality together. At first, they seem unable to work with each other. Christelle is skeptical and cautious while Eka is ready to dive in blind-folded. But somehow, as they stumble through each new aspect of the magic, Eka finds herself trusting someone for the first time, while Christelle begins to find a strength outside her family. And, as their friendship grows, unique magical abilities grow within them. But soon a dangerous and destructive force, connected to their lost past, returns, destroying people around them and dredging up the darkest moments of their lives. When this force takes a personal interest in the two, both women will need to draw on their wits and fledgling magic if they have any chance of stopping it. But will their new abilities be strong enough when that moment arrives? Or will their newly discovered fears from the past cause them to fall back on old ways and destroy the friendship they'll need to save themselves and everyone they love. If you enjoy light-hearted fantasy adventures with plenty of action and strong friendships, you'll love the Adventures of Eka and Christelle.

He successfully mixes anecdotes, scholarship, and statistics to present an entertaining and informative analysis of a timely topic. Anyone desiring to effect change in public policy will welcome this book.—William H. Frey, The Brookings Institution “Fred Lynch has written a nuanced and marvelously comprehensive examination of the state of the Boomer Nation. This book offers an in-depth look at the economic challenges facing Boomers as well as a colorful account of how AARP has tried to rebrand itself to attract the generation that once celebrated the free spirit and hated the ‘establishment’.”—Neil Howe, co-author of The Graying of the Great Powers A timely and important study of one of the most powerful lobbying groups in America as it redefines its mission and its message to confront the generational challenges of the twenty-first century. —Steve Gillon, author of Boomer Nation and Resident Historian of the History Channel Fred Lynch's interpretation is an illuminating and much needed empirical corrective to the confusing and misleading cant that dominates so much of the debate.
