Father Luis Olivares, a Biography Mario T. García,2018-08-01 This is the amazing untold story of the Los Angeles sanctuary movement's champion, Father Luis Olivares (1934–1993), a Catholic priest and a charismatic, faith-driven leader for social justice. Beginning in 1980 and continuing for most of the decade, hundreds of thousands of Salvadoran and Guatemalan refugees made the hazardous journey to the United States, seeking asylum from political repression and violence in their home states. Instead of being welcomed by the country of immigrants, they were rebuffed by the Reagan administration, which supported the governments from which they fled. To counter this policy, a powerful sanctuary movement rose up to provide safe havens in churches and synagogues for thousands of Central American refugees. Based on previously unexplored archives and over ninety oral histories, this compelling biography traces the life of a complex and constantly evolving individual, from Olivares's humble beginnings in San Antonio, Texas, to his close friendship with legendary civil rights leader Cesar Chavez and his historic leadership of the United Neighborhoods Organization and the sanctuary movement.

Theorizing the Sharing Economy Indre Maurer,Johanna Mair,Achim Oberg,2020-04-10 This volume takes advantage of this opportunity by presenting a collection of empirical and conceptual work that explores the variety and the trajectories of new forms of organizing in the sharing economy, and in doing so builds on, rejuvenates, and refines existing organization theories.

Organizing Control Jeffrey R. FEAR,2009-06-30 In a pioneering work, Jeffrey Fear overturns the dominant understanding of German management as backward relative to the U.S. and uncovers an autonomous and sophisticated German managerial tradition. Beginning with founder August Thyssen--the Andrew Carnegie of Germany--Fear traces the evolution of management inside the Thyssen-Konzern and the Vereinigte Stahlwerke (United Steel Works) between 1871 and 1934.

Creative Community Organizing Si Kahn,2010-02-15 Privatization has been on the right-wing agenda for years. Health care, schools, Social Security, public lands, the military, prisons--all are considered fair game. Through stories, analysis, impassioned argument--even song lyrics--Si Kahn and Elizabeth Minnich show that corporations are, by their very nature, unable to fulfill effectively what have traditionally been the responsibilities of government. They make a powerful case that the market is not the measure of all things, and that a vital public sector is an indispensable component of a healthy democracy.
