25 Examples ,2015-01-17 It is always intriguing to hear or read what the thought process was of a particular image you like. Thus, here is my take on a group of photos I think photographers can use to learn a new technique, camera setting or mind-set for creating great images. Every picture does have a story behind it and that story along with the technical considerations to get what was desired can lead to others possibly being able to move forward with their own photographic endeavors. I myself learn more when I see an example of how to do something. As photographers, we are visual in nature and when putting the seeing alongside the how, why, and what circumstance can lead to an aha moment where you can then say "I get it. I want to go and try that for myself." Highlights include: • Cloud Stacking • Star Trails • Fall Abstracts • Birds in Flight • Sunrise / Sunset tips and tricks • Subject position • Foreground / Background flow

The Divine Sting Frederick Bauer, 2016-01-08 Are beliefs in
God and in the soul merely relics of pre-scientific superstition?
After all, in the twentieth and twenty-first centuries the so-called
age of science we know that science can be proven by its fruits: its
helped us split the atom and put men on the moon. Religious faith,
on the other hand, couldn't accomplish these feats. This conflict
leaves modern-day Christians challenged by materialist atheists
who claim that faith in God has been discredited by modern
physics and psychology. The Divine Sting answers their challenge.
Contrary to what most Christians think, belief in God and the soul
need not remain matters of religious faith. In fact, it is the atheists
themselves who ignore Einstein's shocking revelation about
modern science that the physical universe, including the human
body and its brain, have never been observed. We have rather
only observed mental effects whose source we can only guess at.
Atheists' naive claims about scientific observation are themselves
nothing less than an article of anti-scientific faith. By integrating

facts traditionally segregated into categories of philosophy versus theology versus modern science, *The Divine Sting* will assist you in discovering for yourself how to convert faith in God and belief in the soul into solid, impregnable, and justifiably certain science.

The Feisty Woman's Guide to Surviving Mr. Wonderful Elizabeth Allen, 2014-12-12 First, you are in shock, then denial, then you cry, and then you scream. You cry some more, scream some more, then try to work it out. You ask yourself why at least twenty times a day. You can't sleep. You blame him. You blame yourself. That's the nature of a breakup, and it's not easy. In *The Feisty Woman's Guide to Surviving Mr. Wonderful*, author Elizabeth

Allen offers suggestions for surviving the journey through a middle-age breakup. Using examples from a host of breakup stories, including her own, Allen presents a humorous guide to help you get through the fiasco and come out of it a stronger, more vibrant, confident, powerful, and totally evolved woman. Allen presents strategies for dealing with the emotional issues that arise after such an event, and she explores other topics relating to women's health and well-being. With humor and sarcasm, *The Feisty Woman's Guide to Surviving Mr. Wonderful* shows that moving on with your life after a breakup provides a true testament to the strength of all women.
