Electric Choices Andrew N. Kleit,2007 The electricity industry, one of the largest and most vital sectors of the U.S. economy, has changed dramatically in recent years. After being heavily regulated for more than a century by authorities at all levels, deregulation is taking center stage, allowing for enormous efficiency gains. Electric Choices explores the difficult questions surrounding deregulation and urges Americans to continue the transition to a market-based model.

The Girl with the Silver Eyes Willo Davis Roberts,2017-10-03 “There’s something strange about that kid.” At least that’s what everyone says, but they don’t know the truth. Perfect for fans of Stranger Things, this classic novel continues to enthrall. Katie Welker is used to being alone. She would rather read a book than deal with other people. Other people don’t have silver eyes. Other people can’t make things happen just by thinking about them! But these special powers make Katie unusual, and it’s hard to make friends when you’re unusual. Katie knows that she’s different but she’s never done anything to hurt anyone so why is everyone afraid of her? Maybe there are other kids out there who have the same silver eyes...and the same talents...and maybe they’ll be willing to help her.

Our Class is a Family Shannon Olsen,2020-04-07 Family isn't always your relatives. It's the ones who accept you for who you are. The ones who would do anything to see you smile, and who love you no matter what. -Unknown Teachers do so much more than just teach academics. They build a sense of community within their classrooms, creating a home away from home where they make their students feel safe, included, and loved. With its heartfelt message and colorfully whimsical illustrations, Our Class is a Family is a book that will help build and strengthen that class community. Kids learn that their classroom is a place where it's safe to be themselves, it's okay to make mistakes, and it's important to be a friend to others. When hearing this story being read aloud by their teacher, students are sure to feel like they are part of a special family. And currently, during such an unprecedented time when many teachers and students are not physically IN the classroom due to COVID-19 school closures, it's more important than it's ever been to give kids the message that their class is a family. Even at a distance, they still stick together.

The Emerald Atlas John Stephens,2011-04-05 A strong . . . trilogy, invoking just a little Harry Potter and Series of Unfortunate Events along the way.—Realms of Fantasy Siblings Kate, Michael, and Emma have been in one orphanage after another for the last ten years, passed along like lost baggage. Yet these unwanted children are more remarkable than they could possibly imagine. Ripped from their parents as babies, they are being protected from a horrible evil of devastating power, an evil they know nothing about. Until now. Before long, Kate, Michael, and Emma are on a journey through time to dangerous and secret corners of the world . . . a journey of allies and enemies, of magic and mayhem. And—if an ancient prophesy is true—what they do can change history, and it's up to them to set things right. A new Narnia for the tween set.—The New York Times [A] fast-paced, fully imagined fantasy.—Publishers Weekly Echoes of other popular fantasy series, from Harry Potter to the Narnia books, are easily found, but debut author Stephens has created a new and appealing read . . .—School Library Journal, Starred Review

MapMaker Lisa Moore Ramée,2022-09-20 From Lisa Moore Ramée, author of the Walter Honor Award–winning A Good Kind of Trouble, comes her debut middle grade fantasy—an absorbing, imaginative adventure about a Black boy who has the magical ability to bring maps to life. Perfect for fans of Tristan Strong Punches a Hole in the Sky and A Tale of Magic. When Walt and his family relocate to Blackbird Bay, Walt thinks it’s the most boring place on earth. While his twin sister, Van, likes to spend her time skateboarding, Walt prefers to hide out in his room and work on his beloved map world, Djaruba. But shortly after their arrival, Walt discovers something extraordinary: He has the ability to make maps come to life. Suddenly his new hometown doesn’t seem so boring after all. And when a magical heirloom leaves Walt, his new friend Dylan, and Van stranded in the fantastical world that Walt created, he’ll need to harness his new power to get them home. But things are changing. People have gone missing, and it’s clear that a malevolent rival to the kingdom—a fellow mapmaker—has nefarious plans for Walt. If he’s not stopped soon, Djaruba could become nothing but a shadow of itself or, worse, gone forever. And if a mapmaker can destroy one world, could Earth be next?

Witch Week Diana Wynne Jones,2009-10-13 There are good witches and bad witches, but the law says that all witches must be burned at the stake. So when an anonymous note warns, Someone in this class is a witch, the students in 6B are nervous—especially the boy who's just discovered that he can cast spells and the girl who was named after the most famous witch of all. Witch Week features the debonair enchanter Chrestomanci, who also appears in Charmed Life, The Magicians of Caprona, and The Lives of Christopher Chant. Someone in the class is a witch. At least so the anonymous note says. Everyone is only too eager to prove it is someone else—because in this society, witches are burned at the stake.
