Key Constellations Táhirih Motazedian,2023-10-17 Key is one of the simplest building blocks of music and is among the foundational properties of a work's musical identity—so why isn't it a standard parameter in discussing film music? Key Constellations: Interpreting Tonality in Film is the first book to investigate film soundtracks—including original scoring, preexisting music, and sound effects—through the lens of large-scale tonality.
