What If a Fish Anika Fajardo, 2020-08-11 A whimsical, “honest and heartfelt” (Booklist) generational story of family and identity where hats turn into leeches, ghosts blow kisses from lemon trees, and the things you find at the end of your fishing line might not be a fish at all. Half-Colombian Eddie Aguado has never really felt Colombian. Especially after Papa died. And since Mama keeps her memories of Papa locked up where Eddie can't get to them, he only has Papa's third-place fishing tournament medal to remember him by. He'll have to figure out how to be more Colombian on his own. As if by magic, the perfect opportunity arises. Eddie—who's never left Minnesota—is invited to spend the summer in Colombia with his older half-brother. But as his adventure unfolds, he feels more and more like a fish out of water. Figuring out how to be a true colombiano might be more difficult than he thought.

Fudoki Kij Johnson, 2004-10-01 In her skillful debut novel, Kij Johnson took the classic Japanese myth of the fox who dared to become a woman to win true love and created *The Fox Woman*, a luminous, lyrical tale of love, desire, joy, and the nature of the soul. Set in the same universe as *The Fox Woman*, this time Kij Johnson takes on another animal totem and enters the world of the creature who comes to be known as Kagaya-hime, a sometime woman warrior, occasional philosopher, and reluctant confidante to noblemen. And who may or may not be the figment of the imagination of an aging empress who is embarking on the last journey of her life, setting aside the trappings of court life and reminiscing as she follows the paths that are leading her to the nunnery and death. *Fudoki* is the tale of a being who starts her journey on the kami, or spirit road, as a humble-if ever a being such as a Cat can be humble-small tortoiseshell feline. She has seen her family destroyed by a fire that decimated most of the Imperial city. This loss renders her taleless, the only one left alive to pass on such stories as *The Cat Born the Year the Star Fell*, *the Cat with a Litter of Ten*, *the Fire-Tailed Cat*. Without her fudoki-self and soul and home and shrine-she cannot keep the power of her clan together. And she cannot join another fudoki because, although she might be able to win a place within another clan, to do so would mean that she would cease to be herself. So a small cat begins an extraordinary journey. Along the way she will attract the attention of old and ancient powers, including gods who are curious about this creature newly come to Japan's shores, and who choose to give the tortoiseshell a human shape. And who set her on a new kami road, where Kagaya-hime will have to choose a way to find what happiness she can. Weaving a haunting story of one being's transformation and journey of discovery with the telling of another's long life set against the backdrop of the courtly rituals of Imperial power, Kij Johnson has written a powerful novel about the nature of freedom and the redemptive power of transformation--if only one is brave enough to risk it all. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Doll's Alphabet Camilla Grudova,2017-10-17 This doll's eye view is a total delight and surveys a world awash with shadowy wit and exquisite collisions of beauty and the grotesque. —Helen Oyeyemi, author of Boy, Snow, Bird Down to its most particular details, The Doll's Alphabet creates an individual world—a landscape I have never encountered before, which now feels like it was been waiting to be captured, and waiting to captivate, all along. —Sheila Heti, author of How Should a Person Be Marvellous. Grudova understands that the best writing has to pull off the hardest aesthetic trick—it has to be both memorable and fleeting. —Deborah Levy, author of Hot Milk Dolls, sewing machines, tinned foods, mirrors, malfunctioning bodies—by constantly reinventing ways to engage with her obsessions and motifs, Camilla Grudova has built a universe that's highly imaginative, incredibly original, and absolutely discomfiting. The stories in The Doll's Alphabet are by turns child-like and naive, grotesque and very dark: the marriage of Margaret Atwood and Angela Carter. Camilla Grudova lives in Toronto. She holds a degree in Art History and German from McGill University, Montreal. Her fiction has appeared in The White Review and Granta.

The French House Don Wallace,2014-06-03 On a tiny French island, a couple of American dreamers redefine their lives by restoring a ruin...The French House moves to a soulful, very funny rhythm all its own.-Meryl Streep Don and Mindy Wallace have always been Francophiles, so when they had the opportunity to buy a home on a small French island off the coast of Brittany, they jumped-sight unseen-into a crumbling mess that challenged their finances and their family. But when the Wallaces arrived on the island they found a building in ruin, and it wasn't long before their lives resembled it. Plagued by emergency repairs, a stock market crash, and very exasperated French neighbors, Don and Mindy could have accepted their fate. Instead, they embraced it.

Redolent with the beauty and flavors of French country life, *The French House* is a lively, inspiring, and irresistibly charming memoir. Fans of *Under the Tuscan Sun* (Frances Mayes), *Paris in Love* (Eloisa James), and *A Year in Provence* (Peter Mayle) will be enchanted by this account of a family that rises from the rubble, wins the hearts of a historic village, and finally finds the home they've been seeking off the wild coast of France. What readers are saying about *The French House* The French House is engaging and well-written and will make even non-Francophiles yearn for a trip to France. With hauntingly beautiful descriptions of a tiny French island and its inhabitants, this book will take you to a different place, and might even inspire you to reconsider your life and finally follow your dreams where you and your family can become whole. ...charming and witty -- full of hope and despair about this crumbling structure they chose to inhabit and make a home. I was captivated from the outset and felt like I was on their island living it all with them. A great read! What reviewers are saying about *The French House* Don Wallace has crafted a delicious French bonbon of a book...full of humor, hope, and lessons on how to live a life full of meaning.-Dani Shapiro, bestselling author of *Devotion* and *Still Writing* Village life vignettes, the sensual celebration of island pleasures, eccentric neighbors, cuisine, beach life, natural history-readers will find a smattering of all that in these pages, but it's the story below, like the unshakeable foundations of the house itself, that makes this such a satisfying read.-Rain Taxi Review *The French House* is a darling book that mixes local history, memoir, quirky characters, architectural challenges (what will the village elders do if they add windows to the second floor?) and humor...It was a lovely adventure and perfect for a summer read.-Under a Gray Sky *The French House* is a detailed, delightful memoir of their journey to restore a dilapidated abode into a beckoning sanctuary in an idyllic coast French countryside.. I have thoroughly been devouring it, and I think you will too.-*The Simply Luxurious Life* Author Don Wallace shares the heartwarming story about his family's 30-year journey to restore a ruined cottage on the tiny French island of Belle Ile off the coast of Brittany... readers are privy to the charming true story of a family's journey to create the perfect home away from home.--E! Friction Anna Lowenhaupt Tsing, 2011-10-23 A wheel turns because of its encounter with the surface of the road; spinning in the air it goes nowhere. Rubbing two sticks together produces heat and light; one stick alone is just a stick. In both cases, it is friction that produces movement, action, effect. Challenging the widespread view that globalization invariably signifies a clash of cultures, anthropologist Anna Tsing here develops friction in its place as a metaphor for the diverse and conflicting social interactions that make up our contemporary world. She focuses on one particular zone of awkward engagement--the rainforests of Indonesia--where in the 1980s and the 1990s capitalist interests increasingly reshaped the landscape not so much through corporate design as through awkward chains of legal and illegal entrepreneurs that wrested the land from previous claimants, creating resources for distant markets. In response, environmental movements arose to defend the rainforests and the communities of people who live in them. Not confined to a village, a province, or a nation, the social drama of the Indonesian rainforest includes local and national environmentalists, international science, North American investors, advocates for Brazilian rubber tappers, UN funding agencies, mountaineers, village elders, and urban students, among others--all combining in unpredictable, messy misunderstandings, but misunderstandings that sometimes work out. Providing a portfolio of methods to study global interconnections, Tsing shows how curious and creative cultural differences are in the grip of worldly encounter, and how much is overlooked in contemporary theories of the global.
