Ratpack Airlines Ray McComber,2013-05 RatPack Airlines was an Air Force gunship during the Vietnam War. Its crew was made up of a group of men that bonded together to become a very proficient team. Their motto became When it hurts enough to where you want the very best, call the RatPack. Jack Roberts, a member of that crew and call sign MadRat, uses his outdoor skills learned from having lived on a cattle ranch in northwestern Nebraska to help his RatPack Airlines crewmates through survival school, getting accustomed to coping with the hardships of the primitive living conditions and coping with the everyday violent missions they would experience in Vietnam. Jack and his crewmates fly a variety of missions in South Vietnam, Cambodia, Laos, and North Vietnam. These vary from defensive support missions for Agent Orange spray aircraft, to assisting in retrieving downed aircrews, to offensive missions taking out enemy targets, supply caches, and command centers. On one mission they are shot down and crash-landed in a rice paddy in the Mekong Delta. The survivors must fight off the attacking enemy until Army Special Forces and Navy rescue can offer assistance. The RatPack's final mission is to destroy an enemy command center at An Son, North Vietnam. After completing the mission, Jack, his dog, and three crewmates must bail out of their damaged aircraft and evade the enemy while walking back 265 miles to South Vietnam. There are many hardships encountered during the five-week journey. Finding food and water was always a priority. Not all the RatPackers made it back.

The Rainbow Parts 1 and 2 D. H. Lawrence,2002-12-19 D. H. Lawrence started 'The Sisters' in March 1913, wrote four different versions and claimed to have discarded 'quite a thousand pages' before completing The Rainbow in May 1915. The novel was suppressed, just over a month after publication, in November 1915. Mark Kinkead-Weekes gives the composition history and collates the surviving states of the text to assess the damage done to Lawrence's great novel, and to provide a text as close to that which the author wrote as is now possible. The final manuscript, revisions in the typescript and the first edition are recorded in the full textual apparatus so the reader can follow the development of the novel and evaluate what outside interference might have done to it. Appendixes give the earliest, unpublished fragments from the first two versions and a newly discovered report and summary of the third. Published in two volumes.
