Anglicisms in Europe Roswitha Fischer,Hanna Pulaczewska,2010-09-13 The present volume deals with the influence of the English lexis on other European languages in various fields of discourse, social attitudes towards this phenomenon and its reflections in recent lexicographical work. It contains some of the papers read at the conference Anglicisms in Europe 2006, which took place at the University of Regensburg, Germany. It links linguistic aspects with psychological, social, political and cultural issues, tracing relationships and differences between the respective research interests and findings. Its aim is to put the influx of anglicisms into languages other than English into a wide perspective encompassing the European heterogeneity of cultures, traditions and developments. The volume is divided into four parts, which reflect the particular foci of interest in the recent research on anglicisms in the languages of Europe: I. 'Cognitive and Semantic Approaches to Anglicisms', comprising articles that deal with the cognitive, communicative and semantic motivation for contact-induced innovation; II. 'Attitudes Towards the Influx of Anglicisms', with contributions about various national attitudes towards anglicisms and their reflection in the respective languages; III. 'The Use of Anglicisms in Specialized Discourse', with articles focussing on particular practices and domains such as business, sports, the sciences, and on language varieties used in communication within particular subcultures; and IV. 'Anglicisms in Dictionaries', comprising articles that deal with the existing dictionaries of anglicisms in European languages and provide a future-oriented perspective by making suggestions and recommendations regarding future lexicographic works.

Through the Year with Granny Gwen Gwen Ward,2014-02-19 This book takes you through the year through the eyes of a senior citizen. She was saved and baptized at the age of eleven. She continues to discover new things as she reads and studies the Bible. She gains an even greater appreciation for the writers of both the Old and the New Testaments as she tries her hand at writing. She realizes that the Bible is the inspired Word of God and was written by men who were not perfect. Each person has strengths and weaknesses, and as such has made mistakes. They each learn that they must rely on God, just as we must learn to do. God loves each of us, and has our best interests in mind. The path on which He leads us may not be the easiest or the quickest, but it turns out to be the best for God's purposes and as such, is also the best one for us. The author shares memories of her life during the Depression and into the computer age, and frustrations she has while learning to use the new technology. You will be encouraged to look at your own memories in a new light and recognize how God was directing your path even when you didn't realize He was doing it!
