Horror Noire Robin R. Means Coleman,2022-11-01 From King Kong to Candyman, the boundary-pushing genre of horror film has always been a site for provocative explorations of race in American popular culture. This book offers a comprehensive chronological survey of Black horror from the 1890s to present day. In this second edition, Robin R. Means Coleman expands upon the history of notable characterizations of Blackness in horror cinema, with new chapters spanning the 1960s, 2000s, and 2010s to the present, and examines key levels of Black participation on screen and behind the camera. The book addresses a full range of Black horror films, including mainstream Hollywood fare, art-house films, Blaxploitation films, and U.S. hip-hop culture-inspired Nollywood films. This new edition also explores the resurgence of the Black horror genre in the last decade, examining the success of Jordan Peele's films *Get Out* (2017) and *Us* (2019), smaller independent films such as *The House Invictus* (2018), and Nia DaCosta's sequel to *Candyman* (2021). Means Coleman argues that horror offers a unique representational space for Black people to challenge negative or racist portrayals, and to portray greater diversity within the concept of Blackness itself. This book is essential reading for anyone seeking to understand how fears and anxieties about race and race relations are made manifest, and often challenged, on the silver screen.

Before you could say boo, my nephew Benjamin had dragged me to a graveyard to do research. There I met a very spooky mouse who -- yikes! -- tried to lock me up in her coffin! Pop-Up Books Nancy Larson Bluemel, Rhonda Harris Taylor, 2012-02-02 A convincing explanation of why interactive or movable books should be included in the library collection that documents their value as motivational instructional tools—in all areas of the school curriculum, across many grade levels. Pop-up books possess universal appeal. Everyone from preschoolers to adults loves to see and tactilely experience the beautiful three-dimensional work of Robert Sabuda, David A. Carter, and other pop-up book creators. Sabuda himself was inspired to become a pop-up book artist after experiencing the 1972 classic pop-up *The Adventures of Super Pickle*. The effect of these movable books on young minds is uniquely powerful. Besides riveting children's attention, pop-up books can also help build motor skills, teach cause and effect, and develop spatial understanding of objects. Based on their direct experience and many presentations to teachers and librarians, the authors have provided template lesson plans with curriculum and standards links for using the best pop-up books currently available in the instructional program of the school. The book also includes profiles of the most notable authors, a history of the format, definitions of terms such as flap book and paper engineer, and information on how to create movable books. Librarians will find the section regarding collection development with the format—how and where to acquire them, proper storage methods—and the annotated listing of the authors' 50 favorite pop-ups extremely helpful.

Las brujas come on their broomsticks. Los muertos rise from their coffins to join in the fun. Los esqueletos rattle their bones as they dance through the door. And the scariest creatures of all aren't even there yet! This lively bilingual Halloween poem introduces young readers to a spooky array of Spanish words that will open their ojos to the chilling delights of the season. *Los Gatos Black on Halloween* is a 2007 Bank Street - Best Children's Book of the Year, the winner of the 2008 Pura Belpré Medal for Illustration and a Pura Belpré Honor Book for Narrative.
