by an Author and Second Place for Best Latino Focused Fiction Book in the 2015 International Latino Book Awards, and Pulitzer Prize nominated story of one combat veteran's experience of Vietnam: Twenty-seven years after I got off the flight home, I realized Nam war was just Raw Man, spelled backwards. A Limited Edition of One Steven Wilson, 2023-04-06 The more I thought about it, the more I realised my career has been unusual. How did I manage to do everything wrong but still end up on the front cover of magazines, headlining world tours and achieving Top 5 albums? How did I attract such obsessive and fanatical fans, many of whom take everything I do or say very personally, which is simultaneously flattering but can also be tremendously frustrating? Even this I somehow cultivated without somehow meaning to. My accidental career. *Limited Edition of One* is unlike any other music book you will ever have read. Part the long-awaited memoir of Steven Wilson: whose celebrated band Porcupine Tree began as teenage fiction before unintentionally evolving into a reality that encompassed Grammy-nominated records and sold-out shows around the world, before he set out for an even more successful solo career. Part the story of a twenty-first century artist who achieved chart-topping mainstream success without ever becoming part of the mainstream. From Abba to Stockhausen, via a collection of conversations and thought pieces on the art of listening, the rules of collaboration, lists of lists, personal stories, professional adventurism (including food, film, TV, modern art), old school rock stardom, how to negotiate an obsessive fanbase and survive on social media, and dream-fever storytelling.

Earth Force Shemer Kuznits, 2019-04-30 On the first day, a mist descended from the

heavens blanketing Earth. On the second day, a cryptic message, 'Infusion commencing', appeared in the corner of everyone's eyes. On the third day, the sick were healed and the crippled walked again. On the fourth day, celebration and joy spread across the globe. And on the fifth day, the warping began... There was no warning. A mist descended from the sky, disabling all technology and causing a weird message to appear at the corner of everyone's eye. The situation grew even worse as animals and people started to warp, transforming into terrible monsters that prey on the livings. Within months, human civilization had crumbled. Unable to fight the seemingly-indestructible beasts, the survivors are reduced to cowering in reinforced shelters. Waiting for the end to come. Helpless. All seemed lost until a few brave souls discovered the secret of their new reality: the Tec and how to use it to level up. Together they represent humanity's last best hope for salvation. But they first must find the answers to the mystery of their new existence. Their journey will require them to quickly adapt to alien technology, operate strange spaceships, and even befriend an extra-terrestrial merchant with an Inferiority Complex.

Feel Better Fast and Make It Last Daniel G. Amen, MD,2018-11-13 If you want to feel happier, more optimistic, more joyful, and resilient, Dr. Amen’s groundbreaking new book is for you. We’ve all felt anxious, sad, traumatized, grief-stricken, stressed, angry, or hopeless at some point in life. It’s perfectly normal to go through emotional crises or have periods when you feel panicked or out of sorts. It is how you respond to these challenges that will make all the difference in how you feel—not just immediately, but also in the long run. Unfortunately, many people turn to self-medicating behaviors, such as overeating, drugs, alcohol, risky sexual behavior, anger, or wasting time on mindless TV, video games, Internet surfing, or shopping. And even though these behaviors may give temporary relief from feeling bad, they usually only prolong and exacerbate the problems—or cause other, more serious ones. Is it possible to feel better—and make it last? Renowned physician,

psychiatrist, brain-imaging researcher, and founder of Amen Clinics Dr. Daniel Amen understands how critical it is for you to know what will help you feel better fast, now and later. Big Podcast - Grow Your Podcast Audience, Build Listener Loyalty, and Get Everybody Talking About Your Show David Hooper, 2019-03-12 Is it worth doing a podcast if nobody listens? You started your podcast because you want to: - Spread an important message - Share your passion - Make money But your podcast hasn't quite taken off like you thought it would. What happened? This book is for podcasters who can't quite figure out what they're doing wrong (and are ready to do things right). You'll learn: - Why your "natural personality" may be repelling to people and how to make it attract listeners to your podcast like a magnet (See p198) - What to do when a company tries to "lowball" you on advertising fees (do nothing, except send them the email on p424) - It's easy to screw up an interview. To be sure you don't run into any problems, use my "guest contract" on p311. - A six-word "trick" (learned from a 20-year radio veteran) that will instantly make you a better host (it's on p210) - 9 reasons to kill an interview before it happens - ignore these "red flags" and you'll be sorry (p299) - What Victoria's Secret models know about

podcasting (even though you never hear them talk) – this lesson starts on p208! - Nervous on the mic? You have lots of company – 75% of podcasters to be exact. I give you a 5-step way to cure your “stage fright” on p229. - If you’re scared of getting bad reviews, don’t worry – I have three simple ways to handle critics on p236 (two of which can turn critics into fans) - Why copying top podcasters may be killing your podcast (I share the story on p116) and how to develop a podcasting style that works for you (and will attract more listeners) - My 3-step “episode teaser” formula – it’s boring, but it works (get it on p110) - Thinking of doing a “daily” podcast? You must read p103 before you start. - Want to impress a guest? See the chapter starting on p321 for my 3-step followup “ritual” that will make being on your podcast unforgettable (and encourage guests to promote your episodes) And that’s just the start ... This book contains my complete system on how to attract listeners, deliver your message effectively, and build a big podcast. You can't build a big podcast on hope. But you can build a big podcast. And if you’re ready to do just that, read this book.
